INTRODUCTION & OVERVIEW

In this section of the budget book the reader will find a city profile, a map of city streets, the City Manager's budget message, an overview of the budget, and a budget introduction.

CITY PROFILE OVERVIEW

Walled Lake is a thriving lakeside community located in Oakland County, Michigan. The city was incorporated in 1954 with a Council-Manager form of government. Walled Lake's 2.4 square miles or 1,536 acres and provides for a small-town feel yet delivers the convenience of being close to fine dining, shopping, entertainment, and major expressways.

There are numerous draws to Walled Lake, but its crystal-clear waters and beautiful views of the lake are at the top of the list. As a cornerstone of the city, the lake is one of the city's greatest assets, providing abundant recreational options, visual pleasures, and ecological benefits to the community.

Originating as a rural stagecoach throughfare and a bustling lakefront trading post, the City of Walled Lake has transitioned into a sought-after hub for leisure and recreation, maintaining its vibrancy as a thriving community all year round. It is comprised of homes on both quiet streets and busy traffic routes. The homes are a mix of older cottages and vacation properties, as well as larger year-round residential homes, all belonging to those who enjoy being near and on the lake.

Other features that attract residents and visitors include neighborhood parks such as Hiram Sims Park, Veterans Memorial Park, Pratt Park, Riley Park, Marshall Taylor Park, Mercer Beach, and the Michigan Airline Trail linear park.

The city hosts a number of community events throughout the year, including a spring egg hunt, Memorial Day parade, annual summer festival featuring fireworks hosted by the Walled Lake Civic Fund, summer concerts-in-the-park, and a tree lighting ceremony presenting Santa Claus as the special guest. There is also the popular weekly Walled Lake Market Place from May through October.

The Walled Lake Library is another gem within the city. The library offers a quiet place to read or study, as well as providing space for group meetings. There are many computers with internet access and the children's programs are wildly popular. The friendly staff are there to help citizens find the perfect book, media, or other resources.

Residents of Walled Lake have the benefit of sending their children to the award-winning Walled Lake Consolidated School District. There are also two private schools, St. Williams Catholic and St. Matthew Lutheran, who offer preschool through 8th grade learning.

Restaurants, shopping, churches, and entertainment are plentiful in and near the city, offering convenience for residents and a destination for visitors.

The 2020 Census estimates Walled Lake's population at 7,250.

BUDGET INTRODUCTION

Citizen's Guide to the Budget Document

The sections below give a brief overview of the information and structure included in the budget document. It is intended to acquaint the reader with the organization of the budget document and assist in locating the information within the material.

- City Manager Budget Message The City Manager's message highlights strategic goals and strategies the city will implement in the budget year and beyond, providing priorities and explanations of factors influencing financial decisions.
- **Budget Overview** The budget overview offers a summary of significant budgetary items and trends. Using tables and graphs, readers can easily understand major fiscal revenue and expenditure histories and trends.
- **Financial Structure, Policies, and Procedures** This section of the budget document presents an organization chart, fund descriptions and structure, and the relationship between departments and funds. Also provided is the basis of budgeting, accounting, financial, and treasury policies, as well as an overview of the budget preparation process.
- **Financial Summaries** A summary description of each fund's objective is provided before its detailed revenue and appropriations budget planned for the year and a forecast of the following year. The budget includes two years of audited balances, as well as the current year estimated ending totals.
- **Debt Fund and Capital Improvement Plan** The financial data on the current debt obligations, including the legal debt limits, is located in this area of the document. Additionally, a five-year capital improvement plan (CIP) has been outlined in this section of the budget document, as well as the impact the CIP has on the overall operations of the city.
- **Departmental Information** An employee full-time equivalent chart, a summary of activities, services, or functions carried out by each department, as well as department goals and objectives, can be found in this portion of the document.
- Statistical Information and Supplemental Data This portion of the budget document gives statistical and supplemental community profile data pertaining to the City of Walled Lake that may be of interest to the reader.
- **Glossary** The glossary defines terminology used throughout the budget document that may not be easily understood by a lay reader.

CITY MANAGER L. DENNIS WHITT'S BUDGET MESSAGE

OFFICE OF THE CITY MANAGER

1499 E. WEST MAPLE WALLED LAKE, MI 48390 (248) 624-4847

Fiscal Year 2026 Budget Message

Honorable Mayor, City Council Members, and Residents of Walled Lake:

With pleasure, I submit to you the proposed Fiscal Year 2026 Budget. This budget document represents the dedicated efforts of the Mayor and Council Members, working with the City Manager's Office, Department Heads, and City staff, as well as the several boards and commissions. The Mayor and Council have supported the City Manager in maintaining a small but highly skilled staff. It is this reduced staffing structure that has enabled the city to build reserves for capital and infrastructure requirements.

During the Fiscal Year 2026 budget workshops, which were open to the public, the Council reviewed the financial status of all funds, the infrastructure, and capital plans proposed for Fiscal Year 2026. After these workshops, the Council continued to make strides in repairing the city's infrastructure by applying for Oakland County's Local Road Improvement Grant and to complete a new PASER on the local roads.

All projects advanced by Council will be funded using reserves – not external financing.

The City is responsible for overseeing an estimated \$10,517,160 in revenue for all funds. Fiscal Year 2026 appropriations approved for use by departments include \$9,164,140 in operating expenditures, of which \$471,000 has been appropriated to capital expenditures, continuing the Council's investment in improving the City's infrastructure.

Long-Term Strategic Goals and Strategies

My goal as City Manager and the goal of this budget is to address the substantial needs of our community both now and in the future. As I have done during my tenure as City Manager, this means I keep a watchful eye on the long-term financial health of the city.

Fund Balance: One of the best indicators of my performance as your City Manager is the financial health of our city. The city was near financial collapse and facing an Emergency Manager takeover by the State of Michigan when I was appointed in May 2010. As the City's Budget Officer, I have reduced operating costs and provided a solid fund balance reserve which enabled Council to advance multiple long-term capital and infrastructure projects without incurring external financing costs. Saving money and responsibly using those saved dollars is one key component to the success of local government.

Debt: During my term of office as City Manager, zero new debts have been issued and the last city bond was paid off last fiscal year. Under this administration, all capital expenditures have been accomplished with a strategic use of reserves and one-time revenues. This administrative policy will continue as long as possible.

Staff Investments: As City Manager I hold several offices and positions that were previously occupied by separate highly paid city officials. This multiple office holding saved hundreds of thousands of dollars and was part of the strategy to reestablish the city's financial stability. City staffing numbers were reduced from 2010 levels by appointing the City Manager and divisional managers to hold multiple positions. Hiring part-time, seasonal, and interns to supplement the workload has contributed to the success of that strategy and resulted in annual savings in benefit costs. Notwithstanding the cutbacks in personnel, the staff is steadfastly upholding the expected resident service needs. Walled Lake has one of the lowest employee-to resident ratios of any local community while continuing to provide efficient and comprehensive services. My administrative team and I bring highly sought-after educational credentials and extensive experience to the task of prudently managing Walled Lake's finances and citizen services.

Operating Costs: This small, highly educated, and experienced administrative team has saved millions of dollars for Council to invest in debt reduction and infrastructure investment by significantly reducing operational costs.

Grant Funds: As your City Manager I have assembled a professional administrative team that has obtained grant funding to help finance the city's needed capital investments. It is well known that grants are not easily secured, yet the city's professionals have been successful, having been awarded grants that we use to leverage taxpayer funds.

Capital and Infrastructure Investments: Walled Lake is a mature city with an aging infrastructure and equipment. Long-term planning for capital investments is vital in ensuring financial stability.

We have provided for many important needs, but there are many more to address. Thoughtful evaluation each budget year is key to successfully funding the necessary expenditures, so as to not squander our reserves. My goal is to be pragmatic and invest using one-time revenues for one-time expenditures, seek out grant funding, combine projects for lower costs, and use fund balance reserves when needed; all to avoid taking on additional debt.

Budget Challenges

Pension and OPEB Liability

An estimated \$1,234,878 in expenditures has been allocated for pension and retiree health care costs. Given that General Fund revenues amount to \$7,100,000, a full 17.4% of our annual general fund revenue is eaten up by these legacy obligations and present a challenge to operating the city.

City Administration worked with the Michigan Department of Treasury to secure the Protecting MI Pension Grant, aiming to aid Walled Lake's retirement system in reaching a 60% funding level. Walled Lake's pension fund was less than 60% funded, posing an ongoing challenge for the City Council. However, the receipt of this grant provided some immediate relief for the city's pension and liability burdens. Nonetheless, stringent guidelines must be adhered to over the next five years to prevent the funding level from falling below 60%, along with our current payment obligations.

Over the past 10 years, employee costs have been contained through significant benefit reductions such as - restricting pension benefits to base wages, bridging down divisions, lowering multipliers for new hires, and closing divisions with greater benefits.

However, Council is only able to reduce pension benefits for future years and is not able to reduce previously promised pension benefits. The cost of these legacy pension commitments continues to rise due to a reduced rate of return on the \$5,952,358 committed to the City's frozen Defined Benefit Pension Plan, as well as an increase in the life expectancy of retirees.

As of audited fiscal year-end 2024, our outstanding pension liability is \$7,248,776 and our Other Post Employee Benefits (OPEB) liability for retiree health care is \$1,335,528.

Acknowledgements

The past year has been highlighted by numerous achievements in both state and national recognition due to the fine work of employees and the cooperation between the City Council, City Administration, and the residents. I am proud to present the following list of accomplishments:

- The Finance Department received the Distinguished Budget Presentation Award from the Government Finance Officer's Association (GFOA) for the FY2024/25 Budget. This is the 8th consecutive year the city has received the award.
- **Fire Department** Community Development Block Grant sponsored by Housing and Urban Development (HUD) to purchase new turnout gear for our firefighters.
- **Fire Department** is within the top 6% of all fire departments and has achieved a current ISO Property Protection Classification of 3.
- Walled Lake was reported as an honored community for eCities 2024 for its commitment to development and growth.
- **Public Services** received Oakland County's local road improvement grant for improving economic development through improvement to the city's local roads; Ferland Street.

Closing Thoughts

The budget is the result of many months of effort and provides a long-term evaluation and commitment to providing the best possible services to residents at the lowest cost. A great deal of thought and consideration by staff is put into providing the Council with an accurate assessment of the financial status of the City. With good financial information the Council can set strategic goals for the effective use of taxpayer funds. The goal of each budget is to determine the best use of taxpayer dollars, allowing the city to build on its past while continuing to provide for its future.

I would like to personally thank all the department heads not only for their consistently excellent work in submitting thoughtful and responsible budget requests, but also for their foresight in proactively identifying opportunities to grow and enhance our community.

Respectfully.

L. Dennis Whitt City Manager

City of Walled Lake, Michigan Fiscal Year 2026 and 2027 Budget

Walled Lake, building prosperity together

2026 will be a great year for the City. After a decade of efficiency initiatives and saving pennies – the hard work has paid off and Council approved several construction awards for long-planned capital and infrastructure projects. Right sized and right minded, the city is now well out of the financial crisis of the last decade.

The city reviewed every operation and taxpayer service – eliminating or out-sourcing those that did not achieve a level of excellence. The city re-energized its commitment to the community events and, is excited to host the following annual events:

Spring Egg Hunt
Spring, Summer, and Fall Market Place
Summer Festival
Summer Concerts
Memorial Day Parade
Winter Tree Lighting Ceremony

The City Manager held three (3) public budget workshops in preparation for the 2026 budget presentation to Council and is pleased to present a budget that again services the community within available resources and maintains the 'no new debt' Council position.

Total Fiscal Year 2026 appropriations approved are \$9,164,140 which includes \$6,841,526 for city operations and \$1,134,981 for the Downtown Development Authority and the Library.

A breakdown by Fund and by Function of these appropriations are highlighted in the following tables:

Revenue Considerations

The city anticipates \$10,517,160 in revenues this year for all funds, which are categorized by type below:

Tax Millages and Tax Revenue

Tax revenues are the largest revenue source for the city. For the two fiscal years ending 2025 and 2026 the City Operating Millage will generate tax revenues of approximately \$3,440,000 and \$3,590,000. The Public Safety Millage is expected to generate \$1,000,000 in 2025 and approximately \$1,000,000 in 2026. Both the operating and public safety millages are part of the General Fund. The two millages for the Walled Lake City Library fund will bring in approximately \$450,000 and \$500,000, and the Downtown Development Authority will capture approximately \$990,000 and \$1,000,000 respectively. Public Act 505 of 2016 has allowed exemption of library millages from capture by the DDA.

Tax revenue increases are the result of a Michigan Department of Treasury published inflation factor, plus new construction and new personal property. Fiscal Year 2026 estimates result in a \$210,000 increase, over last year's tax revenue for all funds.

The inflation limitation is derived from the 1994 State of Michigan's Proposal A, which limits growth in existing taxable value on any individual property to the lesser of inflation or 5 percent. The state inflation factor for this fiscal year is 3.1%. The below tables show the effect of Proposal A on the millage. If tax values increase over inflation, then the millage is reduced to restrict the revenue increase to inflation percentage.

Millage Rates History									
Tax Year	<u>TY17</u>	<u>TY18</u>	<u>TY19</u>	<u>TY20</u>	<u>TY21</u>	<u>TY22</u>	<u>TY23</u>	<u>TY24</u>	<u>TY25</u>
Operating	15.3224	15.0925	14.8464	14.5093	14.2408	14.0385	14.0385	13.8644	13.7160
Public Safety	3.7938	3.7369	3.6759	3.8603	3.7888	3.7349	3.7349	4.1479	4.1035

Library	0.9456	0.9314	0.9162	0.8954	0.8788	0.8663	0.8663	0.8555	0.9893
Total Millage	20.8277	20.5152	20.1806	19.9902	19.6201	19.3412	19.3412	19.5606	19.4941

State Revenue Sharing

State Revenue Sharing is the second largest source of revenue for the city. The State of Michigan "shares" a portion of specific tax and fee collections with local units. The allocations are based on various factors.

- ➤ <u>Sales Tax:</u> revenue sharing at \$873,000; the increase is primarily driven by the 2020 census count increase over 2010.
- ➤ <u>Medical Marijuana Revenue Sharing:</u> a new revenue stream since fiscal year 2022, is already seeing a fluctuation in revenue sharing and estimated to generate \$174,000 in FY 2024.
- Sasoline Tax: This revenue is allocated to the Local and Major Road Funds by state mandate. Major Roads estimated income for Fiscal Year 2026 and 2027 is \$595,000 and \$616,420 respectively. Local Road estimates are \$220,000 and \$227,920.
- Metro Act Revenues: In lieu of a franchise agreement with each specific municipality, the State collects right-of-way fees from providers and distributes a share of this revenue to the local units. Limited to the wires in the ROW that provide two-way communications.
- ➤ <u>Local Community Stabilization Revenues:</u> Provided to municipalities as a method to capture lost personal property tax revenues from small taxpayer exemptions. The State dedicates a portion of their 'use' tax collections for this distribution.

Operating Expenditures

The city operates with a lean staffing structure. Changes to the structure are minimal and only approved after review of both the financial and citizen services impact.

The city provides police, fire, public works, building and planning, parks and recreation, and administrative services to its residents.

Legacy Funding Issues Remain

Pension and retiree health care debt payments severely restrict the city's spending. These legacy obligations require 17.4% of our annual general fund revenues. Fiscal Year 2026 estimated pension and retiree healthcare contributions are \$1,234,878 and \$100,000, respectively.

As of audited fiscal year-end 2024, our outstanding pension liability is \$7,248,776 and our Other Post Employee Benefits (OPEB) is \$1,335,528.

Current employee costs have been contained through significant benefit reductions such as restricting pension benefits to base wages, bridging down divisions, lowering multipliers for new hires, and closing divisions with greater benefits.

However, Council is only able to reduce pension benefits for future years and is not able to reduce previously promised pension benefits. The cost of these legacy pension commitments continues to rise due to a reduced rate of return on the \$5,952,358 in investments, as well as an increase in the life expectancy of retirees.

Capital Investment

As part of the city's long-range objectives, City Council receives status reports and financing options each year under the following seven (7) asset categories.

1. Water Infrastructure Condition, Repair and Maintenance

To help fund the aging water system, in April of 2018, Council passed an increase to the water capital line fee billed to our water customers and dedicated this revenue to water infrastructure capital repairs and further approved these monies to be separated into a specific fund.

2. Sewer System Condition, Repair and Maintenance

Critical sewer system areas were corrected in 2016 and an ongoing maintenance plan was developed. Over the next five to ten years, several sewer pipes will be lined and pump stations will receive upgrades, eliminating antiquated technology.

3. Storm-Water Condition, Repair and Maintenance

The downtown storm water piping has been identified as 'critical' condition. An affordable solution has been sought for a number of years. Based on a budget appropriation by the Council, Mercer Beach will see infrastructure improvements. In addition, the storm-water pipe was relocated from the beach and an improved catch basin was added to the system. The project was completed in Fiscal Year 2024.

4. Road Condition, Repair and Maintenance

The Downtown Development Authority's goal is to attract more economic development and is looking to improve walkability. The sidewalk repairs will begin at the first block of downtown from Pontiac Trail to Liberty Street. Work has already begun with surveying the downtown and design services from the consultant engineer.

5. Major Public Safety and Public Works Equipment

The Fire Department will need to replace another vehicle in four years, and Council may again take advantage of savings offered when paying cash for this apparatus. The Fire Department is looking for a new filtration system for the garage.

The Police Department is on a regular patrol vehicle replacement schedule. Replacing two vehicles a year keeps repair and maintenance costs down and establishes a good, affordable, budget process.

The DPW maintains an inventory of large machinery to provide needed city services. The DPW is looking for a new one-ton dump truck and pickup truck.

6. City Parks

The city recently updated its Parks and Recreation master plan and has committed funds to updating some of the amenities and city events.

Hiram Sims, Riley, and Marshal Taylor Park improvements will continue into 2026.

The Trailway linking Commerce, Walled Lake, and Wixom has been a great addition to the parks list. The paved trailway is open for the public to enjoy. The City installed a pedestrian bridge connecting the trail and the public safety campus property, just west of the current city campus. The bridge has been a great way to connect residents to the city's weekly Market Place event, every Wednesday, May – October.

7. City Buildings and Grounds

Plans for the public safety property include a paved parking lot, a pavilion, public safety campus, and veteran's memorial, along with training facilities for our public safety departments. The long-term goal is allowing this property to be a multi-use area for those who use the trail, come to the Walled Lake Market Place, and a place to hold concerts in the park. The additional parking will help during events such as the annual Memorial Day parade and the tree lighting ceremony, as well as provide ample spaces for voters during elections.

Recent Strategic Decisions

City Council and management actions impacting the financial position and future improvements of the city include:

• Funding all capital projects internally by use of reserves and saving taxpayers external financing costs.

Past Strategic Decisions

The following successes have been the hallmark of our 'Building Prosperity, together' out of fiscal crisis and into a stage of progress and development:

- Council was on the forefront of cities implementing a management and zoning plan for medical marijuana licenses.
- Council's decision to enter into an agreement with Oakland County Water Resources
 Commission for maintenance and operations of the city's portable water system has
 brought greater field proficiency and skill that serve our water customers more effectively,
 providing substantial financial savings.
- Council asked citizens for a millage renewal, in February of 2024. The citizens of Walled Lake overwhelmingly voted to renew the Public Safety Millage at 4.2000 mills, providing revenue of approximately \$1,000,000 for fiscal year 2025 and \$1,000,000 for fiscal year 2026. Without this revenue source, public safety undoubtably would have decreased.
- Restructuring the Police, Fire, Administration, and Public Works divisions to a small core of full-time employees supplemented by a part-time, seasonal, and internship force; this has been a city-wide reorganization. Using part-time, seasonal, and internship staff, the city management team has been able to maintain an elevated level of residential and business services.
- Council asked for a millage renewal, March of 2024. The citizens of Walled Lake voted to renew the Library Millage, 1.000 mills, providing revenue of approximately \$300,000 for fiscal year 2026.
- Emphasizing the affordability requirement of employee wages and benefits in union negotiations.
- Maintaining General Fund operating costs below expected revenues to allocate more money for capital improvements to local roads, sidewalks, city parks, and underground infrastructure repairs.
- Requiring a long-term capital asset improvement plan to be part of the budget.

- Using city reserves for one-time large capital expenditures, whenever possible, to eliminate low dollar financing and debt issuance costs.
- Taking advantage of any State and Federal monies available to expand projects, such as American Rescue Plan Act (ARPA) funds to supplement loss revenue from 2020.
- Reducing pension benefits and other post employee benefits (OPEB) for current employees by developing a Corrective Action Plan (CAP) to lower outstanding liabilities.

General Fund

The General Fund is the main operating fund of the City. It is the only fund that Council has unrestricted ability to determine the best use of the funds.

Revenues Specific to the General Fund

a. Cable Easement Fees

The city receives lease payments for cable use of city easements. The expected income is \$24,000 each year.

b. Cell Tower Rental

The city has a cell tower on the public safety campus that is owned by AT&T. The rental for this space generates approximately \$45,000 each year.

c. Walled Lake Villas

The City negotiated a modified consent judgment with the Walled Lake Villa (Villa) senior housing complex that resulted in a one-time contribution to the General Fund of \$250,000 in 2017 and a new \$20,000 municipal emergency services agreement that will increase, annually, the same percentage as a typical residential taxpayer's tax bill. The original June 1976 consent judgment exempted the Villa from the tax roll. Instead, the Villa is responsible for a 'payment in lieu of taxes' that contributes approximately \$15,000 toward the cost of city services. City services to the Villa are estimated at over \$250,000 per year.

d. Ambulance Run Cost Recovery

The Fire services are licensed to transport certain levels of medical emergencies to the hospital; the service cost is submitted to medical insurance companies as claims. Expected cost recovery for this service is \$50,000 - \$55,000 each year. This revenue offsets the ambulance and paramedic expenses.

It requires two fire fighters to transport someone in the ambulance. The city has traditionally had one full time staff person on duty 24 hours a day, so the transport service could only occur if a volunteer fire fighter came to the scene. Walled Lake can transport more quickly than the outside ambulance service. Council's 2016 approval of the fire service's restructuring has enabled two

fire fighters to be on schedule for duty during most of the shifts – a reduction of full-time officers has enabled an increase of 'scheduled' vs. 'on-call' part-time support for the fire service.

Special Revenue Funds

Major & Local Roads

The estimated revenue for the maintenance, repair, and replacement of the city streets for fiscal year 2026 is \$815,000. Most of this revenue is shared by the state through their collection of the gasoline tax. The city also receives funding from the Metro Bond Authority and participates in the Oakland County PILOT Local Road Improvement Grant.

In November 2019, the city had a Pavement Surface Evaluation and Rating (PASER) completed to identify the streets that require attention and should be updated every 5 years. Council has agreed to a new PASER study for FY2026. Based on this new report, discussions will continue as to how to address the needs while being mindful of the reserves available.

Transportation Fund

In 2022, election voters approved a 0.95 ten-year millage for Oakland County Transit. This replaced the expired 1.00 SMART millage. The County has allowed the city to continue its partnership with Western Oakland Transportation Authority (WOTA). The city is a voting member of WOTA. The funding comes straight from Oakland County to WOTA from the 0.95 millage.

Enterprise Funds

Water and Sewer Fund -

Beginning in January of 2019, the Oakland County Water Resources Commission (WRC) began the maintenance and operations of the water system, followed by the billing and collections of the water, sewer, and refuse billing in May of 2019. This Council's decision continues to bring forth greater field experience and knowledge that will continue to service Walled Lake's water customers more effectively.

Refuse

Priority Waste is finishing Green for Life recent three-year extension in fiscal year 2024 to be the city's waste and recycling company, with the contract carrying through June 30, 2027. The goal of the refuse fund is to maintain a reserve balance equal to three months of billing revenue. The city expects expenditures for collection to increase by 4%, per the city's contract, and an increase in additional tip fees and service expense cost.

Debt Service Fund

The city's last debt on the books was for 2009 roads bond that was paid off in fiscal year 2024. The city is currently debt free.

Component Unit Funds

Downtown Development Authority (DDA)

The DDA committed its financial support to City projects and is a major financer of the current infrastructure projects in the city- utilizing most of its reserves to move these projects forward. The DDA also approved survey work throughout the downtown to begin improvements to the downtown.

Fiscal Year 2026 the DDA is focused on revitalizing the downtown with new sidewalks along East Walled Lake Drive between N. Pontiac Trail to Liberty Street as phase one. For phase two, the DDA and city council are working on design concepts.

Library

The Walled Lake City Library operations are managed within the limits of the two operating millages, with an annual amount placed in reserves for future capital or one-time outlays. The library board is looking to add a third full-time employee to the team in FY2026. The library is also looking to replace their current sign with a more up-to-date look, new computers, and laptops.

Conclusion

With the unanimous support of the Council, the City Manager continues to successfully implement the Council's strategic goals for beautification and infrastructure repairs in the city. The City Manager's department heads actively pursue continuing education opportunities to enhance their ability to serve and benefit Walled Lake Legacy costs, revenue constraints, and capital outlays remain the largest financial hurdles facing the city. Council continues to review cost-effective solutions to meet the City's on-going needs.

Although Council may adopt a multi-year budget, legal appropriations, or the approval to spend can only be adopted for a single year. Hence, this document represents a multi-year budget with a single year appropriation.

STRATEGIC GOALS & LONG-RANGE FINANCIAL PLANS

City Council Strategic Goals

Goals for the year were derived through a structured and collaborative process that began with several workshops to discuss assessment of past performance, current challenges, and future opportunities for the city. Strategic objectives were aligned with the council's goals and mission, ensuring relevance and focus. Each goal was then broken down into measurable targets, considering resource availability, timelines, and potential impact for the city. The goals for the year will be achieved through strategic planning and continuous monitoring.

At the City Manager's public Budget Workshop, the Walled Lake City Council met to discuss Strategic Goals & Long-Range Financial Plans for Fiscal Year 2026. As in years past, City Council took a conservative approach when developing and prioritizing goals. The goals that were discussed with the public and that guided the City Manager in creating the FY 2026-27 Budget.

Long-Range Operating Financial Plans

The City of Walled Lake has long recognized the need for planning to provide quality services to its residents. This is evident in the work performed by the elected officials, City staff and various committees and boards. The City has conducted parking and traffic studies and has developed plans and procedures that have guided the City in making sound decisions regarding infrastructure and services.

The City has focused on long-term financial planning since 2010 and as a result, continues its strong financial position. Walled Lake continues its responsible fund balances in conformance with GFOA recommended practices and no debt obligations, as well as complying with the City's own fund balance policies.

During the City Manager's Budget Workshop, the Council discussed their strategic goals and planning for the next fiscal year. The city continues to include focuses and investments on the following:

- Investing in roads, sidewalks, and the downtown
- Increasing community engagement (residential, commercial, and neighboring communities)
- Investing in public safety
- Addressing long-term liabilities such as pension and OPEB

The 2025-26 and 2026-27 budgets include the following items:

- \$878K investment in roads, sidewalks and beautification
- \$2.9 million investment in water and sewer infrastructure
- \$77K investment in stormwater and drainage

The City Council's long-range financial plans link to the Council's strategic goals and are in the matrix on the next page:

STRATEGIC GOALS & LONG-RANGE FINANCIAL PLANS

	Strategic Goals	Long-Range Financial Plans
L	Lead current & future council into making sound financial decisions.	Develop a plan that gives city council yearly options for infrastructure projects. Design Capital Improvement Plan projects that can be funded without creating new debt.
A	Abate long-term liabilities to provide a stronger financial outlook.	Address long-term liabilities such as OPEB and pension. Continue to follow & develop corrective action plans (CAP) to reduce outstanding legacy retirement liabilities.
K	Keep encouraging economic development in the downtown.	Continue to improve the downtown by applying for infrastructure grants. Build relationships with the downtown business owners to create a plan for beautifying the downtown. Encourage quality events to attract people to Walled Lake.
E	Ensure a safe place to live & visit.	Develop a plan to keep public safety vehicles and equipment in replacement rotation. Strengthen the paid-on-call program with qualified and experienced hires. Design an onsite training facility to train police and fire.

FINANCIAL STRUCTURE POLICIES AND PROCEDURES

This section of the budget document presents an organization chart, fund descriptions and structure, and the relationship between departments and funds. Also provided is the basis of budgeting, accounting, financial, and treasury policies, and an overview of the budget preparation process.

City of Walled Lake, Michigan Fiscal Year 2026 and 2027 Budget

City Organizational Chart

FUND DESCRIPTIONS

This section of the budget document provides an overview description of each fund the city annually budgets. Further detailed descriptions are provided before each line-item budget, under the financial summaries section of this document.

GENERAL FUND

The General Fund is a governmental fund and is the city's primary operating fund. It contains budgetary and financial controls for all the activities and functions of the city that are not accounted for in other specialized, restricted funds. The General Fund monitors activities by function, such as Legislative, Administration, Public Safety, Public Services, and Capital Outlay.

SPECIAL REVENUE FUNDS

Special Revenue funds are governmental funds that account for activities related to distinctive revenue sources that are legally restricted to expenditures for specific purposes. The city currently has four special revenue funds:

- 1) Major Road Fund
- 2) Local Road Fund
- 3) Drug Forfeiture Fund
- 4) Transportation Fund
- 5) Grant Fund American Rescue Plan Act (fund closed as of June 30, 2024)

ENTERPRISE FUNDS

Enterprise Funds are business-type funds that account for operations financed and operated in a manner similar to private business enterprises. The costs of providing goods or services is financed and/or recovered primarily through user charges. The city has the following three enterprise funds:

- 1) Water & Sewer Fund
- 2) Water & Sewer Capital Fund
- 3) Refuse Fund

DEBT SERVICE FUND

The Debt Service Fund is a governmental fund that accounts for financial resources accumulated to provide payment of principal, interest, and fees on general obligation bond debt.

COMPONENT UNIT FUNDS

Component Units are a distinct organization for which the elected officials of the primary government (City of Walled Lake) is financially accountable. The two component units of the city are:

- 1) Downtown Development Authority
- 2) Walled Lake City Library

DEPARTMENT/FUND RELATIONSHIP

All full-time, primary government employees are charged, in full, to specific departments or cost centers in the General Fund. Some employees work for several areas of the city and the costs are then allocated between departments/cost centers/funds by means of a single line item (personnel allocation) that reduces the expense in the primary cost center and charges it to another area.

The following matrix demonstrates the department/fund relationships of each cost center:

COST CENTERS	GENERAL FUND	ROADS FUND	WATER & SEWER	DDA	LIBRARY	TRANS
CITY MANAGER	X	X	X	X		X
ATTORNEY	X					
CLERK	X					
FINANCE/TREASURY	X	X	X	X	X	X
POLICE	X			X		
FIRE	X			X		
ADMIN	X			X	X	X
DPW	X	X	X	X	X	

BASIS FOR BUDGETING

The City of Walled Lake's basis for budgeting parallels the basis of accounting used for financial reporting in accordance with Generally Accepted Accounting Principles (GAAP), guided by the Governmental Accounting Standards Board (GASB).

All governmental type funds are prepared on a modified-accrual basis of accounting. Under this method, revenues are recognized when it becomes both measurable and available to finance current operations. Expenditures are recorded when the related fund liabilities are incurred and excepted to be paid using current resources. Long-term debt obligations are not recorded at the fund level.

Modified Accrual Basis of Budgeting

Full accrual basis of accounting is used for all proprietary type funds where revenues are recognized when earned and expenses are recognized and recorded as a liability when incurred. **Basis of Budgeting** is used for planning and projecting financial needs, whereas the **basis of accounting** is used for recording and reporting actual financial results.

Full Accrual Basis of Budgeting

FINANCIAL, ACCOUNTING, AND TREASURY POLICIES

Investment Policy – The purpose of this policy to invest funds with the highest return and the maximum safety. The city investment policy complies with Michigan Public Act 20 of 1943 and is more restrictive as to the investments options with city funds.

Credit Card Policy – The purpose of this policy is to limit the liability of the city due to misuse of credit cards. Credit cards are only issued to the City Manager. Gas cards are issued to each employee who operates a vehicle. The department head is responsible for the issuance and cancellation of the gas cards.

Electronic Transaction Policy – The purpose of this policy is to support efficient operations of the city. The City Treasurer is authorized to utilize electronic transactions in compliance with the policy.

Asset Capitalization Policy – The purpose of this policy is to determine the capitalization thresholds for monitoring purposes for assets used in operations that have initial lives extending beyond a single reporting period.

Capital Asset Useful Life Policy— The purpose of this policy is to determine the expected useful life of asset purchases and to use this life expectancy in both the capital planning process, as well as calculating the depreciation schedules.

Budget Policy – The purpose of this policy is to assure passage of a balanced budget, a structurally sound budget and to enhance City Council's policy-making ability by providing accurate information on the full costs of current operations, new proposals, and capital requests. The City Council shall meet for no less than two strategic budget workshop sessions prior to adoption of the budget in accordance with the city charter. The expenditures of the budget shall not exceed the revenues plus the available fund balance for each fund after considering the required General Fund unrestricted fund balance policy. A structurally sound budget aligns the recurring and non-recurring revenues with the recurring and non-recurring expenses. Non-recurring revenues shall not be used to pay for recurring expenditures.

Multi-Year Capital Planning Policy – The purpose of this policy is to plan for capital outlay financing requirements so to reduce financing costs and, where possible, to reserve funds for future purchases. The bi-annual budget shall include a 5-year capital asset needs list with the first two years of the capital plan linking directly to the bi-annual budget. Financing for the capital shall be considered at the strategic budget workshops.

Impact of Capital Budget on the Operating Budget – As new projects and grants are approved; both the capital and operating budgets are impacted. An increase to the City's yearly pension contributions from the operating has long-term effects on the Capital Improvement Program and what projects are to be completed. City department heads are required to include costs associated with operating and maintaining capital projects that are requested for the upcoming fiscal year.

External Financing Policy – The purpose of this policy is to ensure the city does not incur unnecessary financing costs and does not overburden the operating budget of any ongoing activity. The city shall not use external financing for purchases or projects costing less than \$1 million dollars. A multi-year debt service impact analysis shall be performed prior to the issuance of any debt.

Uniform Grant Policy – The purpose of this policy is to ensure compliance with the requirements of the Federal Uniform Grant Guidance regulations, by establishing uniform administrative requirements, cost principles, and audit requirements for federal grant awards received by the city. Grants are accepted to the extent they advance the goals of the city. All grants must be reviewed by the finance department and submitted to the council with a multi-year cost benefit analysis for acceptance.

Unrestricted Fund Balance Policy – The purpose of this policy is to assure the city maintains an adequate level of fund balance to mitigate current and future risks, including possible shortfalls in other funds. The city will retain at least 14% of the prior year's operating expenditures as unassigned fund balance.

Narcotics Buy Monies & Confidential Informant Funds – The purpose of this policy is to support drug enforcement efforts of the police department. \$2,200 shall be maintained in the police department for use of narcotic purchases of confidential informant payments. Each use shall require the use of a police report. Only the Chief of Police and a designed administrative sworn officer have access to the funds.

BUDGET PROCESS

City of Walled Lake, Michigan Fiscal Year 2026 and 2027 Budget

The City of Walled Lake Charter designates the City Manager as the budget officer of the city. Preparation of the city budget is in accordance with the schedule set by Charter and City Council, and the State of Michigan. The budget is an ongoing process that includes phases of development, adoption, implementation and oversight throughout the year. The City Council provides invaluable guidance to the City Manager and Department Heads during the budget workshop sessions.

Chapter eight, section one of the City Charter establishes the fiscal year of the city and all its agencies to begin on the first day of July of each year and end on the thirtieth day of June of the following year.

The budget process begins each January with Department Heads submitting an expenditure request, followed by reviews from the Finance Director and City Manager. The City Manager may adjust department requests before the Finance and Budget Office prepares the City Manager's Recommended Budget presented to City Council.

Budget workshops are scheduled during the months of March and April to provide context to the proposed budget for both City Council and the public.

The budget represents a complete financial plan for all activities of the city for the ensuing fiscal year. All estimated income and proposed expenditures are detailed and presented in a form prescribed by the State of Michigan Public Act 2 of 1968, as amended, Uniform Budgeting and Accounting Act (Public Act 621 of 1978). The City Charter requires that the budget be submitted to Council on the third Monday in May of each year at a special meeting of Council.

A public hearing on the proposed budget shall be held before its final adoption at such time and place as the Council shall direct. Not later than the second Monday in June of each year, the Council shall, by resolution, adopt a budget for the next fiscal year, shall appropriate funds as needed for municipal purposes, and shall provide for a levy of the amount necessary to be raised by taxes.

Council may make additional appropriations during the fiscal year as needed. However, there is continuous impact of the Capital Budget on the Operating Budget as new projects and grants are approved; both the capital and operating budgets are impacted. An increase to the City's yearly pension contributions from the operating budget has long-term effects on the Capital Improvement Plan and what projects are budgeted. City department heads are required to include costs associated with operating and maintaining capital projects that are requested for the upcoming fiscal year. For more information to the capital budget, see the "Capital Improvement Plan" section of this document.

Budget Amendment Process

After the budget is adopted, the primary responsibility for managing it falls to the individual department heads. The Finance Department reviews the monthly budget reports concurrently with the department heads. Management flexibility is given to each department of exceeding a line item within a function if it can be compensated for within that same function.

If a function must be adjusted, a Budget Amendment Resolution is drafted for City Council's consideration and approval. This resolution first directs the department to provide the coverage from within its department. The Finance Department reviews the resolution and if deemed appropriate a formal budget amendment is presented to the City Council along with a report on the status of the fund balance. It takes a majority vote from the City Council to amend the budget.

	Budget Calendar
November	Department Head Budget Meeting with City Manager and Finance Department
December	Department Heads data enter Operating Budgets in BS&A General Ledger (including memberships & dues, workshops & conferences, and CBA salaries) for Finance Department review

SPECIAL REVENUE FUNDS

FUND 202: MAJOR ROADS FUND 203: LOCAL ROADS

City of Walled Lake, Michigan Fiscal Year 2026 and 2027 Budget

The main revenue source for the major and local road funds is from gasoline tax dollars that are collected by the state and passed on to the local units of government. In accordance with Public Act 51 of 1951 (Act 51), the dollar amount received by each local unit is dependent on the population size and number of miles of road maintained. Act 51 requires a certain amount of revenue to be spent on non-motorized improvements.

The shared gasoline tax received from the State is not sufficient to finance the needed road repairs. This is a state-wide problem that has been brought up by three of the most recent governors. No solution is in place yet.

Having limited revenue, Council has focused their spending on Pedestrian Safety over the last decade, including new and upgraded sidewalk enhancements along Maple Road. Fiscal Year 2024 will see further improvements to walkways in the city. The American with Disabilities Act has specific standards for non-motorized walkways.

In 2019, Council contracted for a Pavement Surface and Evaluation Rating (PASER) of the city's eighty-one (81) roads. The results revealed that twenty-six streets (26), or thirty-two percent, of all roads have a rating of six (6) or below, indicating they require significant attention. Management and Council decisions on how to confront the road infrastructure challenges were part of the Fiscal Year 2023 budget discussions and projects were executed.

12.75 miles of Local Roads (70.5%)

Regular maintenance and the 2009 roads bond debt service payment account for most of the local road expenditures, leaving little resources for additional road work. The state allows a portion of the Major Roads gas tax allocation to be transferred to Local Roads and Council has transferred money every year to increase the reserves in the Local Road Fund. In Fiscal Year 2024 the local road that was repaired included Annjo Street .

5.34 miles of Major Roads (29.5%)

Continue working with Oakland County to develop projects to receive Tri-Party funds to repave major roads in need of repair.

FUND 265: DRUG FORFEITURE

City of Walled Lake, Michigan Fiscal Year 2026 and 2027 Budget

Fund 265 holds all state and federal drug forfeiture activities for the Walled Lake Police Department. There are strict guidelines as to when and how this money should be spent.

In January 2015, Walled Lake re-dedicated a task officer to work with the Federal Drug Enforcement Agency after the staffing layoffs discontinued the city's involvement in July 2013. As a result of the new drug enforcement officer, city revenues in this fund have increased. There is a delay between the case closing and the funds distribution to the local participants.

Over \$1.6M of forfeiture funds have been used to support police operations since fiscal year 2009.

Governments are not permitted to 'plan' for the collection of forfeiture funds; therefore, <u>initial</u> budgeted income and expenditure amounts in this fund do not reflect any projected activities but are simply here to allow your police department the ability to draw on the revenues as needed.

FUND 588: TRANSPORTATION

City of Walled Lake, Michigan Fiscal Year 2026 and 2027 Budget

The goal of the transportation service is to secure rides to necessary, as well as enjoyable, destinations for our residents. Walled Lake offers low-cost rides to residents helping people connect to work, school, medical appointments, shopping centers, entertainment, and cultural events. In 2021, the SMART millage expired. A new transportation millage was proposed to the community through a County dedicated 0.95 ten-year millage which was approved by Oakland County voters in November 2022.

In October of 2018, the City of Walled Lake and Highland Township signed an inter-local agreement which involves Highland's dispatch services. As of 2020, the City is part of Western Oakland Transportation Authority (WOTA). The transportation service dispatch is still operated by Highland Township and includes Walled Lake, White Lake Township, and Waterford Township joining to provide rides for our residents.

This tax revenue is collected and distributed to Oakland County. In February 2023 Oakland County entered into a contract with WOTA as subcontractors for dispatching and transportation services. The dedicated millage is received and distributed to WOTA for transportation operations.

A shopping loop, two days a week, has been incorporated into the program, which has contributed to the increased ridership. Also, the program destinations have expanded for medical and employment purposes, reaching Pontiac, Clarkston, Waterford, White Lake, Highland, and Milford. If ridership continues to grow, the territory will also grow, allowing for stops in the expanded range for all reasons (i.e. entertainment, hair appointments, shopping, restaurants).

The transportation service provides wheelchair lifts to help accommodate the disabled who require a lift to enter the vehicle. The purpose of WOTA is to secure rides to necessary, as well as enjoyable, destinations for our residents. WOTA operates fixed bus routes and calls for service five (5) days a week, Monday through Friday, from 8:00am until 4:00pm. In 2024, WOTA added Saturday hours 8:00am – 4:00pm and Sunday 7:30am – 3:30pm.

FUND 285: GRANT: AMERICAN RESCUE PLANT ACT

City of Walled Lake, Michigan Fiscal Year 2026 and 2027 Budget

As part of a COVID relief initiative, the City of Walled Lake received \$746,000. The City Manager appointed a temporary executive position to administer the COVID grant compliance requirements and to supplement city staffing, due to shortages in office management positions.

The budget assumes full use of the funds for capital and executive staffing purposes. The remainder of the grant funds were used for lost revenue and was transferred out to the general fund in Fiscal Year 2025.

FUND 592: WATER & SEWER

City of Walled Lake, Michigan Fiscal Year 2026 and 2027 Budget

Financial & Operational Information

The Water and Sewer Funds are well past their decades of financial distress and mismanagement. City Council successfully implemented the below corrective action plan and oversight of the continuing success of this water and sewer system rests with the City Manager.

- 1. Council dedicated an April 2018 increase in the water rates to capital infrastructure. The capital replacement rate must finance two items planned annual water infrastructure maintenance, plus 1% of the system replacement value for use in critical repairs and maintenance. This methodology significantly reduced the customer cost by eliminating external financing needs.
- 2. In January 2019, the city entered into an agreement with Oakland County Water Resources Commissioner (WRC) to manage the maintenance and operations of the water and sewer system. WRC has greater field experience and knowledge that will service Walled Lake's water customers more effectively. In May of 2019, WRC began billing and collections of the water and sewer fees.
- 3. Due to WRC's expertise, the city's 26% water loss rate has been reduced to 11%. This is largely due to WRC inspecting the system, correcting leaks, and replacing broken meters. A meter replacement program is being implemented and the city expects new meters to further reduce the water loss. As meters age they do not read the full amount of water pasting through the pipes. The program will take place over a period of time to eliminate any need for external financing.
- 4. A cost analysis of moving from monthly billing to quarterly billing resulted in a savings of approximately \$100,000 annually (\$50,890 water & \$49,530 sewer). In May 2019, City Council approved the billing frequency change, which allows revenues to be used for improvements in the system without additional increases in user rates.

Water & Sewer Infrastructure History

WATER

- 1970 Original system was installed (5 community wells)
- Approximately 35 miles of water main
- Water main material is asbestos cement
- Size and length are as follows:
 - 0 16"/10,239"
 - 0 12"/46,155"
 - 0 8"/93,919"
 - 0 6"/33,860"
 - 0 4"/2,361"
 - o 3"/218"
- Currently provide service to all of Walled Lake, sporadic parts of Commerce Township (1200 W. West Maple, 1885 N. Pontiac Trail, 1475 and 1505 Oakshade, and 1900 Easy Street and fire line at 1800 Benstein), and 70 homes in Wolverine Lake (S. Commerce, Newport, Glencove, and Helmsford)
- 1989 Connected to DWSD (too much iron in community wells)
- May 2013 City meter pit was rehabilitated (10" meter)
- December 2014 DWSD replaced their 10" meter
- Less than 10 Walled Lake customers are on well
- January 2019 Walled Lake entered into an agreement with Water Resource Commission (WRC) to provide the operations and maintenance of the city's water system
- In mid-2019, new water main lines were installed in the Tri-A Subdivision
- 2020 new watermain loop installed along 14 Mile

SEWER

- September 1966 Contracted to create the Walled Lake Arm of Huron-Rouge SDS (with amendments in 1969 and 1970)
- August 1971 Walled Lake-Novi WWTP was put into service with an original capacity of 3,000 REUs divided equally between Walled Lake and Novi
- 1989 Major expansion took place (with amendments in March and June 1990) increasing the capacity to 10,000 REUs Walled Lake received 4,200 and Novi received 5,800
- 1991 Novi and Commerce Township exchanged 2,000 REUs (Wolverine Lake later received 270 of those REUs)
- 1993 Another small expansion took place (sludge tank)
- 2014 Wet weather tank installed to address the 2001 overflow and correct MDEQ violation (entered in District Compliance Agreement), and increased Novi's REUs, an additional 2,121
- Approximately 24 miles of sewer main
- System includes gravity (G) and non-gravity (NG) mains, and 7 lift stations

- The size and length are as follows:
 - o 15" (G)/233.5"
 - o 12" (G)/3,619.4'
 - o 10" (G)/7,306.1'
 - o 8" (G)/111,209.6"
 - o 12" (NG)/91.1'
 - o 10" (NG)/2,859.5"
 - o 8" (NG)/13.2"
 - o 6" (NG)/2,623.8"
- 1977 and 1993 District enlarged to include parts of Commerce Township and Wolverine Lake
- Currently provide service to all of Walled Lake, sporadic parts of Commerce Township (1200 W. West Maple, 1885 N Pontiac Trail, 1475 and 1505 Oakshade, and 2045, 2065, 2085, and 2300 E. West Maple), and 1403 S. Commerce in Wolverine Lake
- Less than 10 Walled Lake customers are on septic
- 2014 OCWRC, on behalf of the city, applied for and was awarded a SAW grant by the MDEQ for creating an SDS asset management plan; funding will be provided by the grant and reserves
- September 2018 The City of Walled Lake and the City of Novi amended its contract with WRC to separate the WWTP/interceptor costs from the respective city's operation and maintenance costs; thereby keeping expenditures for O&M incurred independent of each other
- As part of the amended contract that took place in September of 2018, Walled Lake and OCWRC switched the WWTP sewage treatment charges from REU based to metered flow

FUND 590: REFUSE

City of Walled Lake, Michigan Fiscal Year 2026 and 2027 Budget

The refuse fund transactions include curb-side trash service for residential customers and membership in the Resource Recovery and Recycling Authority of Southwest Oakland County (RRRASOC). Created in 1989, RRRASOC provides solid waste management, recycling, and household hazardous waste services to member communities: Farmington, Farmington Hills, Milford, Milford Township, Novi, South Lyon, Southfield, Walled Lake, and Wixom.

The city has extended a 3-year agreement (July 1, 2024 – June 30, 2027) for curbside trash and recycling with Green for Life (GFL), now operating under Priority Waste Service after a 2024 acquisition. Priority Waste will honor the contract's annual rate increases—capped at 4% and no less than 2%, based on the lesser of CPI or 4%—plus a fuel adjustment every six months.

There have been changes in the State legislature in regard to disposal of refuse and TIP (Transfer, Infrastructure, and Processing) fees have begun to customers. TIP fees are charges that cover the cost of processing and disposing of your waste after it's picked up. This includes transporting the trash to a facility, sorting or processing it, and ensuring it's disposed of safely according to environmental regulations. These fees helps keep the system running efficiently and sustainably.

The City Council, by Resolution 2014-29, adopted a cost recovery methodology with the objective of keeping the fund solvent and also restricting the reserves to less than the sum of the revenue for three (3) billing cycles.

In conjunction with the July 2014 rate setting methodology, the General Fund charges an administrative fee up to 3.5% of the contracted curbside pick-up fee per unit.

Description	Quarterly Fee	Annual Fee
Curbside Pickup	\$47.79	\$191.16
Recycling	\$3.93	\$15.72
Administrative Service	\$1.80	\$7.20

Total Cost Per Customer	\$53.52	\$214.08

COMPONENT UNITS

FUND 494: DOWNTOWN DEVELOPMENT AUTHORITY

City of Walled Lake, Michigan Fiscal Year 2026 and 2027 Budget

By concerted effort, the DDA board, with City Council backing, shifted its focus from operational spending to participating with the city in capital projects. The DDA and the City Council have operated on the same cooperative policy of "no new debt" for over a decade – this is in large part due to already overburdened debt load with the legacy pension debt that requires an approximate \$1M debt payment from the City each year.

City staff handles the administrative tasks for the DDA, including overseeing events, such as the annual summer festival, farmers market, and Trunk-or-Treat. By having city staff assist the board, the DDA has been able to save a significant amount of money in administrative costs.

To manage infrastructure and capital plans without external financing requires long term planning and the ability to save funds for multiple years. The results of these actions are the survey of the entire downtown area and phase one of sidewalk improvements from N. Pontiac Trail and Liberty Street. The Board awaits engineering for design services and landscaping plans.

FUND 271: LIBRARY

City of Walled Lake, Michigan Fiscal Year 2026 and 2027 Budget

The Walled Lake City Library operates off two millages: one is perpetual, and one is voted on by the voters. The Walled Lake City Library offers a wide variety of services to the citizens of Walled Lake, including: the circulation of print, audio/visual and digital media, reference services, interlibrary loan, internet access and public computers and programming for patrons of all ages. Citizens of Walled Lake and surrounding communities utilize the Walled Lake City Library for quiet study and as a group meeting place.

During the economic downturn, the library transitioned to a part-time staff managed by one full-time director. The board hired a new director and together they succeeded in bringing a modern vision and enthusiasm to the library. The Library Board was able to focus its efforts on purchasing more library materials, increasing the number of programs offered to the public, and investing in significant capital improvements. The Library Board voted to spend \$45,000 to redesign the library sign and replace computers and laptops.

Having successfully tackled these critical projects, the Library Board believed it was time to address staff retention and succession planning. With the library losing three key staff members for better financial opportunities over a period of 16 months, and with the library's budget being able to support an additional full-time staff member, the Library Board budgeted for an additional full-time Assistant Library Director. The library board recently approved another full-time librarian to start in FY2026.

Expenditures remain fairly consistent, with expenditure increases allocated to the services that bring the patrons to the library, including alluring and educational programming for patrons of all ages, computers and tablets for public use, books and periodicals, audio/visual materials, electronic access to eBooks, online databases, digital audio books and downloadable magazines.

DEBT SERVICE FUND & & CAPITAL IMPROVEMENT PLAN

The financial data on the current debt obligations, including the legal debt limits, is located in this area of the document, noting that the debt service has been paid off. The capital expenditures for 2024 is included in the section.

FUND 401: DEBT SERVICE

City of Walled Lake, Michigan Fiscal Year 2026 and 2027 Budget

City of Walled Lake has no new debt

The city made its final payment for the 2009 bond in FY2024. Paying off debt service is a critical aspect of fiscal management that directly impacts the financial health and stability of the city. City administration ensured the city met their financial obligations and allocated resources effectively for public services and infrastructure development. Additionally, transparency and accountability in financial reporting are paramount to instill confidence among taxpayers and creditors, fostering responsible fiscal stewardship in the city.

The last installment marked the successful conclusion of the city's financial commitment, reflecting strong fiscal management and long-term planning. The bond, which supported the reconstruction and expansion of key transportation corridors, has greatly improved traffic flow, safety, and infrastructure longevity. With the debt fully retired, the city can now reallocate resources to new priorities while celebrating the lasting impact of this investment on residents and local businesses alike. Any future improvements will likely require assistance from the general fund.

FIVE YEAR CAPITAL IMPROVEMENT PLAN THREE YEAR MINOR ASSET PURCHASE PLAN

City of Walled Lake, Michigan Fiscal Year 2026 and 2027 Budget

The City of Walled Lake Capital Improvement Plan (CIP) is essential to the financial planning process. By their very nature capital expenditures tend to be large and could be funded in a number of ways — from annual operating revenue, financed, or paid out of reserves. Understanding the future capital needs allows the city to match finite resources with needed acquisitions.

There is an impact of the Capital Budget on the Operating Budget as new projects and grants are approved; both the capital and operating budgets are impacted. An increase to the City's yearly pension contributions from the operating budget has long-term effects on the Capital Improvement Plan and what projects are budgeted. City department heads are required to include costs associated with operating and maintaining capital projects that are requested for the upcoming fiscal year. Capital Assets have initial lives extending beyond a single reporting period. Only capital assets meeting the city's dollar threshold are capitalized.

Capitalization thresholds for applicable capital asset classes were established by City Council on January 2, 2013, with Resolution 2013-2 as follows:

Machinery and Equipment	\$ 5,000
Buildings and Building Improvements, Renovations or Replacement	\$15,000
Water Infrastructure Improvements, Renovations or Replacement	\$15,000
Road Improvements, Renovations or Replacement	\$15,000
Improvements other than Buildings, Roads or Water Infrastructure	\$10,000

Capital assets below the capitalization thresholds are categorized as minor asset purchases and are paid through operating revenue in the year incurred. A 3-year CIP for minor purchases is also included in this budget document.

Water infrastructure long term plan is not included in this budget document.

Public Act 33 of 2008 (MCL 125.3865), commonly referred to as the "Planning Enabling Act," requires local governments to prepare an annual capital improvement plan. The City of Walled Lake's 5 Year CIP exceeds the requirements of the act. The Planning Commission was designated by the act as the group responsible for developing but does allow them to exempt themselves from that duty if the legislative body accepts the responsibility.

MAJOR CAPITAL IMPROVEMENT SUMMARY BY CATEGORY & YEAR

	FY 2026-2027	Percent

The figures under Part Time workers represent Full Time Equivalents and not actual positions.

Full time equivalents equalizes part time hours to that of a full time worker in a like position.

For example, a part time worker who works 30 hours in an office that normally works 40 hours would be recorded at .75 FTE

DEPARTMENTAL DESCRIPTIONS

The City of Walled Lake has 14 General Fund departments that are accounted for separately within the fund: including the City's contracted building and planning firm.

Legislative Function

• City Council - The City of Walled Lake City Council is composed of seven elected officials: one Mayor and six Council members elected at-large by the community. Walled Lake maintains a Council/City Manager form of government in which the City Manager oversees all staff and is responsible for the daily operations of the city. The Council's legislative powers are shared equally among all seven members, and regular meetings are scheduled for the third Tuesday of each month. Collectively, the Mayor and City Council are responsible for establishing policy, adopting a budget, and hiring and directing the City Manager. Additionally, City Council hired a City Attorney who provides direction regarding legal and legislative issues. City Council also represents the city in various local, regional, state, and national boards and committees. All members have the duty to provide public leadership and communicate with their constituents and the citizens of Walled Lake regarding issues of concern.

This document, the city budget, represents the largest policy-making decision the City Council must make each year. In addition to defining the types of public services that the city provides, this document also determines the level of service necessary to meet the needs and demands of the residents. It includes annual operational costs and any special capital purchases, or projects Council believes are needed during the next fiscal year.

Performance Description, Goals, and Objectives

Objectives

• Continue to provide legislative power with citywide goals and objectives.

Strategic Goals

- Provide public services that residents want and value
- Invest and rehabilitate a desirable downtown community for residents and businesses alike
- Invest in becoming a walkable community

City Administration

• City Manager - The mission of the City Manager's Office is to manage the delivery of city services efficiently and within the guidelines and policies established by the City Council. Additionally, to provide the organization with leadership that ensures overall effectiveness, long-term financial stability, and development and execution of long-term fiscal and organizational plans that support community priorities and contribute to the sustainability of the community.

Performance Description, Goals, and Objectives

Short-term Objectives

- Continue to implement the City Council's strategic goals.
- Explore further collaboration and joint opportunities with our neighboring jurisdictions to better serve the residents.

Long-term Objectives

- Continue to work with Federal, State, and Local partners to further enhance walkability in our community, fix the downtown sidewalks, and improve green space infrastructures.
- Legal Counsel The City Attorneys shall act as legal advisors to, and act as attorneys and counsel for the City Council and shall be responsible solely to the Council. They shall advise the City Manager or department heads of the city on matters relating to official duties, when so requested, and shall file with the clerk a copy of all the written opinions given. Duties also include the preparation or review of all ordinances, contracts, bonds, and other written instruments which are submitted to them by the Council and shall promptly give their opinion as to the legality thereof. The City Attorney shall call to the attention of the Council all matters of law, and changes or developments therein, affecting the city.
- City Clerk The City Clerk is an administrative officer of the city and the Clerk's Office is the information center of the city and is responsible for all records of the city. As the City's "Official Record keeper", the Clerk's office is responsible for document storage and retrieval of contracts, agreements, leases, bids, deeds, easements, City Code amendments and minutes of City Council and all Boards and Commissions. The Clerk's Office is responsible for administering all elections in accordance with State and Federal law. The City Clerk and Deputy Clerks are certified as a Michigan Professional Municipal Clerk, Level II in accordance with the standards set by the Michigan Municipal Clerks Association.

Short-term Objectives

- Continue to perform complex municipal duties professionally and competently.
- Continue to assist the building department by answering all contractors and residents' questions on all related permits and city zoning ordinances.

Long-term Objectives

- Continue to increase cooperation between public officials, and others.
- City Treasurer The City Treasurer is an administrative officer of the city and the Treasurer's Office has custody of all money of the city and all evidence of indebtedness belonging to or held by the city. The Treasurer's Department is responsible for all monetary collections on behalf of the City of Walled Lake. Treasury oversees the billing, collection and distribution of City, County, School and State Education taxes and prepares the delinquent tax rolls. The Department prepares all special bills and rolls, collects City receivables, conducts daily banking, and issues dog licenses on behalf of Oakland County.

Performance Description, Goals, and Objectives

Short-term Objectives

• Review cash and investments by looking for the best rate of return for all city investments.

Long-term Objectives

• Review of electronic payments to increase the ease for customers paying tax bills to City.

Public Safety

- Police Department The city police department shall be responsible for maintaining the public peace and good order, as well as enforcing all ordinances and regulations of the city in addition to all laws of the state within the city. The police department also oversees the school crossing guard program.
- Fire Department The Walled Lake Fire Department is a combination Department, staffed by full-time, paid-on-call members. The Fire Department responds to all fire, medical emergencies, hazardous material, and service incidents in Walled Lake. The Fire Department also participates with mutual aid requests from the surrounding communities.
- Building & Code Enforcement The building and code enforcement are responsible for the safe construction and repair of buildings, plumbing, electrical and mechanical installations and for the proper enforcement of the city's code of ordinance. City administration works in partnership with other Departments throughout the City and County to assure seamless and efficient support for all projects toward the shared goal of a desirable, diverse, and attractive community.

Public Services

- Department of Finance & Budget This department is charged with the duties of finance, budget and audit as prescribed by Chapter 8 of the city charter. The Finance Department provides high quality operational services including accounting, budgeting, debt administration, grant reporting, accounts receivable, payroll, accounts payable, and purchasing. The budget function provides financial planning, evaluation, forecasting and management examination skills in support of City daily operations. The Finance Department maintains the City's financial records in accordance with City Charter, State law, and generally accepted accounting principles (GAAP) by providing the highest quality, most competent and cost-effective accounting function. An annual comprehensive financial report is prepared each year in connection with the City's annual audit. The Finance Department also provides financial support for initiatives led by the City Manager's Office that promote fiscally responsible governance.
- **Department of Public Works** DPW staff members are committed to responding to and efficiently fulfilling service requests while maintaining the high quality of service that City of Walled Lake residents expect. DPW's top priority is to provide a safe and healthy environment for the residents and business owners of the community. DPW staff maintain all of the city owned parks and cemetery.

Performance Description, Goals, and Objectives

Short-term Objectives

- Earn the annual Government Finance Officers Association Distinguished Budget Award.
- Complete a Comprehensive Annual Financial Report from independent auditors for the City of Walled Lake and achieve an unqualified (clean) opinion.

Long-term Objectives

- Review the City's OPEB contributions to move the City towards being fully funded status.
- Review of staffing levels and assignments and workflow.

STATISTICAL INFORMATION

This portion of the budget document gives statistical and supplemental community profile data pertaining to the City of Walled Lake that may be of interest to the reader. Also included is a glossary that defines terminology used throughout the budget document.

STATE OF MICHIGAN COUNTY OF OAKLAND CITY OF WALLED LAKE

A RESOLUTION ADOPTING THE OPERATING AND CAPITAL BUDGET APPROPRIATION OF FUNDS AND LEVY OF TAXES FOR FISCAL YEAR JULY 1, 2025 – JUNE 30, 2026

RESOLUTION 2025-12

At a Regular Meeting of the City Council of the City of Walled Lake, Oakland County, Michigan, held in the Council Chambers at 1499 E. West Maple Road, Walled Lake, Michigan 48390, on the 17th day of June 2025 at 7:30 p.m.

WHEREAS, in compliance with the Act 2 of 1968, Uniform Budgeting and Accounting Act of the State of Michigan, (hereafter "the Act") the appropriate City Officers have submitted to the City Manager an itemized estimate of expenditures for Fiscal Year End 2025 for their respective departments, divisions, and/or activities; and

WHEREAS, the City Manager has prepared a complete itemized budget proposal for the fiscal year including General Fund Income and Expenditures, and have submitted the same to the City Council pursuant to Chapter 8, Section 8.1 of the City Charter and the Act; and

WHEREAS, it is the prerogative of City Council to determine the size and scope of City operations it will provide within the constraints of limited funding; and

WHEREAS, Section 8.1 of the City Charter calls for the City Manager, as the Budget Officer, to prepare and submit to the Council on the third Monday in May of each year, at a special meeting of the Council at 8:00 p.m., a recommended budget; and

WHEREAS, by Resolution 2025-08 Council deferred the budget hearing to the regularly scheduled Council meeting of Tuesday, May 20, 2025; and

WHEREAS, pursuant to Chapter 8, Section 8.2 of the City Charter, a Public Hearing was held on the proposed budget for the Fiscal Year 2025-2026 on Tuesday, May 20, 2025; and

WHEREAS, Section 8.3 of the City Charter calls for City Council, by resolution, to adopt a budget for the next fiscal year by the second Monday in June in each year, and

WHEREAS, by Resolution 2025-08 Council deferred the budget adoption no later than the regularly scheduled Council meeting of Tuesday, June 17, 2025; and

WHEREAS, all the necessary proceedings have been taken by the City of Walled Lake, Oakland County, Michigan, in accordance with its City Charter, City Codes and Ordinances, and the laws of the State of Michigan.

NOW, THEREFORE, BE IT RESOLVED, by the Mayor and Council of the City of Walled Lake, County of Oakland, State of Michigan that:

Section 1. For budget year 2025-2026 Council retains a policy of providing a maximum full-time staff size as determined in Resolution 2013-23 as follows:

<u>Public Works</u>. Staff levels will require the retention of no more than four (4) full-time crew members to service City roads, parks, water, and other public works functions during the hours of 7:00 a.m. to 4:00 p.m. Any reduction caused by contracting out of public works services, retirement, resignations, or other form of attrition will not be filled and any shift work will be supplemented with part-time, seasonal or interns staffing as needed.

Section 2. For budget year 2025-2026 Council directs the maximum full-time staff size as follows:

<u>Public Safety</u>. Staff levels will allow the maximum employment of three (3) full-time fire fighters, six (6) full-time patrol officers and a Fire Chief and Chief of Police. Shifts will be supplemented with professional on-call and part-time as needed.

General Government. Staff levels will allow the maximum employment of (2) full-time employees to staff the office during the hours of 7:00 a.m. to 5:30 p.m. Monday through Thursday.

<u>Administration</u>. Staff levels will allow the maximum employment of six (6) full-time employees to be supplemented with part-time employees and interns as needed.

Section 3. That this general appropriations act provides for the expenses of the City government and its activities for the fiscal year, beginning July 1, 2025 and ending June 30, 2026, and the following amounts are hereby appropriated:

Out of the General Fund the following appropriations by function:

Legislative	\$6,955
City Administration	\$1,170,644
Public Safety	\$3,874,084
Public Services	\$1,613,799
Capital Outlay	\$356,000

for a total appropriation of \$7,021,482 which includes transfers to other funds of \$0, for which the City of Walled Lake shall levy 13.7160 Operating mills and 4.1035 Public Safety mills on ad valorem tax of all real and personal property taxable value that is subject to taxation in the City of Walled Lake for general operating purposes, with estimated tax collections of \$4,579,000.

Out of the Drug Forfeiture Fund the amount of \$100,000, which includes a levy of zero (0) mills for operating purposes and is funded by the Police Department's participation in the Federal Organized Crime Drug Enforcement and State Organized Crime Drug Enforcement

Out of the Major Streets Fund the amount of \$415,981 which includes a levy of zero (0) mills for operating purposes and is funded by a proportion of revenues collected by the State of Michigan under Public Act 51 of 1951, and as needed, transfers from the General Fund and Special Assessments.

Out of the Local Streets Fund the amount of \$269,878 which includes a levy of zero (0) mills for operating purposes and is funded by a proportion of revenues collected by the State of Michigan under Public Act 51 of 1951, and as needed, transfers from the Major Streets Fund and General Fund and Special Assessments.

Out of the Transportation Fund, the amount of \$11,100 includes a levy of zero (0) mills and is funded by an allocation from the Oakland Transit millage.

Out of the Water/Sewer Fund the amount of \$2,799,071 includes a levy of zero (0) mills for operating purposes and is funded by user fees.

Out of the Refuse Fund the amount of \$439,674 includes a levy of zero (0) mills for operating purposes and is funded by user fees.

Out of the Library Fund the amount of \$580,455 for which a levy of 1.6746 mills on ad valorem tax of all real and personal property taxable value is subject to taxation for the Walled Lake City Library operating purposes, with estimated tax collections of \$500,000.

Out of the Downtown Development Fund, the amount of \$524,526 which includes a total levy of zero (0) mills for operating purposes and is funded by the capture of certain taxes levied by the City of Walled Lake for General and Public Safety, Oakland County (OC) General Operations, OC Transit, OC Parks and Recreation, OC HCMA and Oakland Community College.

For Fiscal Year 2025-2026 a total appropriation from all funds in the amount of \$12,128,446 and a total levy of 19.4941 mills.

Section 4. That pursuant to the Act and in pursuit of the objectives of the City Council the City Manager, as the Chief Administrative Officer, is authorized to execute transfers of each appropriation to any other appropriation within budgetary centers and among each fund and budgetary center within the total appropriation limit as authorized in the general appropriations act and its amendments.

GLOSSARY OF TERMS

- **ACCRUAL BASIS:** is the recording of the financial effects on a government of transactions and other events and circumstances that have cash consequences for the government in the periods in which those transactions, events and circumstances occur, rather than only in the periods in which cash is received or paid by the government.
- **AD VALOREM TAXES:** latin term, meaning according to value. Commonly referred to as property taxes. These taxes are levied on both real and personal property according to the property's valuation and the tax rate.
- **APPROPRIATION:** a legal authorization to incur obligations and to make expenditures for specific purposes.
- **APPROVED BUDGET:** the revenue and expenditure plan for the city for the fiscal year as reviewed and formally adopted by City Council Budget Resolution.
- **ASSESSED VALUATION:** the value placed upon property equal to 50% of fair market value, as required by State law.
- **ASSETS:** resources owned or held by a government that have monetary value.
- **AUDIT:** prepared by an independent certified public accountant, the primary objective of an audit is to determine if the city's financial statements present fairly the city's financial position and results of operations in conformity with generally accepted accounting principles. It is customary that a Management Letter be issued.
- **BALANCED BUDGET:** a budget in which estimated revenues are equal to or greater than estimated expenditures.
- **BOND:** a long-term IOU or promise to pay. It is a promise to repay a specified amount of money (the face amount of the bond) on a particular date, the maturity date. Bonds are primarily used to finance capital projects.
- **BUDGET:** a plan of financial activity for a specified period of time, indicating all planned revenues and expenses for the budget period.
- **BUDGET AMENDMENT:** adjustment made to the budget during the fiscal year by the City Council to properly account for unanticipated changes which occur in revenues and/or expenditures and for program initiatives approved during the fiscal year. The adjustment is made by formally amending the approved budget.
- **BUDGET CALENDAR:** the schedule of key dates a government follows in the preparations and adoption of the budget.
- **BUDGET POLICIES:** general and specific guidelines that govern financial plan preparation and administration.

- **BUDGET RESOLUTION:** the formal Resolution by which the City Council adopts the recommended budget and establishes the millage rate for taxation of property during the budget year.
- **CAPITAL BUDGET:** the appropriation of bonds or operating revenue for improvements to facilities and other infrastructure.
- **CAPITAL EXPENDITURE:** expenditures relating to the purchase of equipment, facility modifications, land or other fixed assets. To be categorized as a capital outlay item (fixed asset), the purchase must have a value of at least \$5,000 and a useful life of more than one fiscal year.
- **CIP:** abbreviation for <u>Capital Improvement Plan</u>, which is a five (5) year plan for capital outlay to be incurred each year over a fixed number of years to meet capital needs arising from the government's long-term plans.
- **COMMUNITY DEVELOPMENT BLOCK PROGRAM (CDBG):** a program of the U.S. Department of Housing and Urban Development designed to benefit low and moderate-income persons by providing revitalization and human services to communities.
- **CPI:** abbreviation for *Consumer Price Index*. Renamed the Inflation Rate Multiplier (IRM).
- CVTRS: abbreviation for *City, Village, and Township Revenue Sharing* program.
- **DEBT SERVICE:** expenditures relating to the retirement of long-term debt principal and interest.
- **DEBT SERVICE FUNDS:** are used to account for the payment of general long-term debt principal and interest.
- **ENTERPRISE FUNDS:** are used to account for operations financed and operated in a manner similar to private business enterprises. An Enterprise Fund is established when the intention is that the costs of providing goods or services is financed or recovered primarily through user charges.
- **EXPENDITURES:** are decreases in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental grants, entitlements and shared revenues.
- **EXPENSES:** are outflows or other using up of assets or incurrences of liabilities (or a combination of both) from delivering or producing goods, rendering services or carrying out other activities that constitute the entity's ongoing major or central operations.
- **FISCAL YEAR:** a twelve-month period designated as the operating year for an entity. The fiscal year for the city is July 1 through June 30.
- FTE: (Full Time Equivalent) represents part-time employee hours divided by 2080.
- **FUND:** an independent fiscal entity with a self-balancing set of accounts recording cash and other resources, together with all related liabilities, obligations, reserves and equities, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in

- accordance with special regulations, restrictions or limitations. Funds are categorized for budgeting purposes as General, Special Revenue, Debt Service, Enterprise, and Component Unit. Funds are defined in the Uniform Chart of Accounts for Counties and Local Units of Government in Michigan.
- **FUND BALANCE:** an accumulated excess of revenues over expenditures segregated by fund. Exception: Proprietary Funds (Enterprise, Internal Service) are accounted for in the same manner as private businesses and record retained earnings as opposed to fund balances. The budgets for these funds are prepared on a net working capital basis, which equates to fund balances.
- **FUND BALANCE, AVAILABLE (UNASSIGNED):** the funds remaining from the prior year, which are available for appropriation and expenditure in the current year.
- **GASB:** abbreviation for <u>Government Accounting Standards Board</u>, which provides direction in accounting and reporting requirements for units of government.
- **GENERAL FUND:** the fund used to account for all financial transactions except those required to be accounted for in another fund.
- **GOAL:** a statement of broad direction, purpose or intent based on the needs of the community. A goal is general and timeless.
- **GRANTS:** contributions by a government or other organization to support a particular function. Grants may be classified as either operational or capital.
- **HEADLEE AMENDMENT:** places an upper limit on the total amount of property taxes a city can collect in the fiscal year. This constitutional amendment limits the growth in taxable value attributed to market adjustments (excluding new construction) to the growth in the consumer price index (CPI). If this situation occurs, the operating millages, which are applied to the taxable value, must be reduced to compensate for any increase in excess of the CPI.
- **HEADLEE OVERRIDE:** is a vote by the electors to return the millage to the amount originally authorized via charter, state statute, or a vote of the people, and is necessary to counteract the effects of the Headlee Rollback.
- **HEADLEE ROLLBACK:** became part of the municipal finance lexicon in 1978 with the passage of the Headlee Amendment to the Constitution of the State of Michigan of 1963. The Headlee Amendment requires a local unit of government to reduce its millage when annual growth on existing property is greater than the rate of inflation (IRM-CPI). Therefore, the local unit's millage rate is "rolled back" so that the resulting growth in property tax revenue, communitywide, is not mor than the rate of inflation.
- **INFRASTRUCTURE:** the basic physical framework or foundation of the city, referring to its buildings, roads, sidewalks, stormwater, water system and sewer systems.
- **INTERFUND TRANSFERS:** budgeted allocations of the resources of one fund transferred to another fund. This is typical for those funds which do not receive sufficient revenues to pay for necessary expenditures incurred in their operations. Transfers are also made from certain

operating funds to debt retirement funds to retire debt related to the operations of the transferring fund.

INTRAGOVERNMENTAL SERVICE CHARGE: (I/GT) to transfer funds between different departments of government.

ISO: abbreviation for <u>Insurance Service Office</u>, which is a national standard with a 1 to 10 rating scale: 1 is the best and 10 is the lowest possible rating. ISO ratings are a factor in insurance rates charged to homeowners and businesses.

LONG-RANGE FINANCIAL PLANNING: the process of budgeting for operations and growth and renewal for buildings, infrastructure and land.

MILL: a taxation unit equal to one dollar of tax obligation for every \$1,000 of assessed valuation of property.

MILLAGE: the total tax obligation per \$1,000 of assessed valuation of property.

MIOSHA: abbreviation for *Michigan Occupational Safety and Health Administration*.

MODIFIED ACCRUAL BASIS: is the accrual basis of accounting adapted to the governmental fund-type measurement focus. Under it, revenues and other financial resource increments are recognized when they become susceptible to accrual, that is when they become both measurable and available to finance expenditures of the current period. Expenditures are recognized when the fund liability is incurred except for inventories of materials and supplies that may be considered expenditures either when purchased or when used, and prepaid insurance and similar items that may be considered expenditures either when paid for or when consumed. All governmental funds, expendable trust funds and agency funds are accounted for using the modified accrual basis of accounting.

NET WORKING CAPITAL: the excess of cash, accounts receivable and inventory over accounts payable and other short-term liabilities. See Fund Balance.

OPEB: abbreviation for *Other Post-Employment Benefits*.

OPERATING SUPPLIES: expenditures relating to the purchase of expendable items utilized in service delivery such as office supplies, gas and oil and parts and repair items.

ORGANIZATION CHART: a chart representing the authority, responsibility, and relationships of departmental entities within the city organization.

PASER: abbreviation for *Pavement Surface Evaluation and Rating System*.

PERFORMANCE INDICATORS: are the measurement of how a program is accomplishing its mission through the delivery of products or service.

PERFORMANCE OBJECTIVES: are the desired output-oriented accomplishments that can be measured within a given time period.

- **PROFESSIONAL & CONTRACTUAL:** expenditures relating to services rendered to the city of external providers of legal services, auditing and engineering services, as well as other private contractors providing telephone service, utilities, insurance and printing.
- **PROPOSAL "A":** is a State Constitutional Amendment approved by the electorate in 1994 that limits increases in Taxable Value of individual parcels to the Consumer Price Index or 5%, whichever is lower. This applies to all parcels that do not transfer ownership. Properties that change ownership or where new additions or construction takes place can be assessed at 50% of Fair Market Value.
- **QUANTIFIABLE:** able to be expressed as an amount, quantity, or numerical value: capable of being quantified.
- **RECOMMENDED BUDGET:** the city's revenue and expenditure plan for the fiscal year as prepared and recommended by the City Manager for consideration by City Council.
- **RETAINED EARNINGS:** an accumulated excess of revenues over expenditures for proprietary funds (Enterprise, Internal Service) equates to fund balance for governmental funds.
- **REVENUES:** are increases in the net current assets of a governmental fund type from other than expenditure refunds and residual equity transfers. Also, general long-term debt proceeds and operating transfers in are classified as "other financing sources" rather than as revenues.
- **RCOC:** abbreviation for the *Road Commission for Oakland County*.
- **RRRASOC:** abbreviation for <u>Resource Recovery and Recycling Authority of Southwest Oakland County</u>.
- **SEV:** abbreviation for <u>State Equalized Value</u>.
- **SPECIAL ASSESSMENT DISTRICT (SAD):** a method of financing public improvements by distributing the cost of a project to those properties realizing a direct benefit. Types of projects most often financed through Special Assessments include sanitary sewers, water mains, road construction and reconstruction and sidewalk construction.
- **SPECIAL REVENUE FUNDS:** are used to account for the proceeds of specific revenue sources or to finance specified activities in accordance with statutory or administrative requirements. Budgeted special revenue funds are Major Roads, Local Roads, Transportation, and Drug Forfeiture Fund.
- **STATE EQUALIZED VALUE (SEV):** the assessed valuation of property in the city as determined by the City Assessor subject to review by higher levels of government to assure that it equals 50% of fair market value, as required by State law.
- **TAXABLE VALUE:** in March 1994, the electorate of the State of Michigan approved Proposal A, which added new terminology to property tax administration. This terminology was "Taxable Value." Taxable Value is the State Equalized Value at December 31, 1994, adjusted for changes in fair market value, the cost of living index or 5%, whichever provides the lower Taxable Value for calculation of taxes.

TAX BASE: the total value of taxable property in the city.

TRANSFERS OUT: See Interfund Transfers.

TREND ANALYSIS: a statistical method that examines data to identify patterns and changes over time. It is a technique used to predict future trends on current and historical data.

TRUST AND AGENCY FUNDS: are used to account for assets held by the city as trustee.

WOCCCA: abbreviation for Western Oakland Cable Communications Authority.

WOTA: abbreviation for *West Oakland Transportation Authority*.
