COUNCIL COMMENTS		
MAYOR'S COMMENTS		
AUDIENCE PARTICIPATION		
ADJOURNMENT		

Members of the public who wish to speak during audience participation via virtual means may press *9 on their telephone keypad. Pressing *9 will activate the "raise hand" feature. Due to limitations with muting and unmuting members of the public will be called on one at a time. Please introduce yourself by stating your name and address for the record. You will have three (3) minutes to share your comments. At the conclusion of your three (3) minutes, you will be muted and removed from the public comment queue. Participants may also choose to submit written comments to the City Clerk by noon day of the meeting to clerk@walledlake.com.

The City of Walled Lake government e-mail addresses of the members of all public bodies utilizing this means of the meeting are available on the City's website at: https://walledlake.us/index.php/contact-us

Procedures for participation by persons with disabilities.
The City will be following its normal procedures for the accommodation of persons with disabilities. Those individuals needing accommodations for effective participation in this meeting should contact the City Clerk (248) 624- 4847 in advance of the meeting. An attempt will be made to make reasonable accommodations.

Individuals with Hearing or Speech-Impairments.
Users that are hearing persons and deaf, hard of hearing, or speech-impaired persons can communicate by telephone by dialing 7-1-1.

- Individuals who call will be paired with a Communications Assistant
- Make sure to give the Communications Assistant the proper teleconference phone number and meeting ID.

Members of the public may also view the broadcast meeting on the City of Walled Lake's YouTube channel: https://www.youtube.com/channel/UCDwQJiyMCqMbmg9Ru-sKMEw/featured. Closed captioning will be available after YouTube fully renders the meeting video.

CITY OF WALLED LAKE
REGULAR COUNCIL MEETING
TUESDAY, OCTOBER 20, 2026
7:30 P.M.

The meeting was called to order at 7:30 p.m. by Mayor Gunther.

PLEDGE TO FLAG & INVOCATION

Invocation by Mayor Pro Tem O'Rourke.

ROLL CALL Mayor Gunther, Mayor Pro Tem O'Rourke, Council Member Ambrose, Council Member Arnold, *Council Member Schinzing, and Council Member Woods

OTHERS PRESENT City Manager Whitt, Finance Director Pesta, HR Director Sears, Police Chief Shakinas, Deputy Police Chief Kolke, Fire Chief Gonzalez, DPW Superintendent Ladd, City Attorney Vanerian, and City Clerk Stuart

**Attended meeting electronically.*

CM 10-01-26 MOTION TO EXCUSE COUNCIL MEMBER LOCH FROM TONIGHT'S MEETING

Motion by Ambrose, seconded by O'Rourke, CARRIED UNANIMOUSLY: To excuse Council Member Loch from tonight's meeting.

Roll Call Vote

Ayes (6)	Ambrose, Arnold, O'Rourke, Schinzing, Woods, Gunther
Nays (0)	
Absent (1)	Loch
Abstain (0)	

REQUESTS FOR AGENDA CHANGE

City Manager Whitt explained he wanted to provide council an update on negotiations he was instructed to undertake and requested a closed session.

AUDIENCE PARTICIPATION

Lauren Martin addressed Council regarding Item No. 4 of the Mayor's Report concerning e-bike and scooter safety. She commended Council for addressing the issue and stated that, as a parent

of a child who uses an e-scooter for transportation, she understands the importance of establishing clear rules and age-appropriate regulations. Ms. Martin encouraged Council to take a comprehensive approach to safety that addresses both e-bike and scooter users and motorists. She discussed a recent accident near Eagle Pond and Pontiac Trail involving local children, as well as an incident at the intersection of Pontiac Trail and West Maple Road in which a vehicle turning right failed to yield to her family while they were waiting to cross in the crosswalk. She emphasized the need for greater driver awareness and enforcement of traffic laws, particularly regarding speeding, failure to yield, and distracted driving. Ms. Martin urged Council to distinguish between high-speed electric motorcycles (e-motos) operating illegally on sidewalks and lower-speed e-bikes and scooters used for transportation to downtown and local businesses. She said she is concerned that overly broad restrictions could unfairly limit responsible users. She referenced ordinances and regulations in Bloomfield Township, Clawson, and Commerce Township as examples of different approaches to regulating these devices, including age restrictions, sidewalk prohibitions, and classifications based on e-bike speed. Ms. Martin encouraged Council and staff to consider a comprehensive approach that combines reasonable micromobility regulations with improved crosswalk visibility, pedestrian safety measures, and targeted traffic enforcement along major corridors, particularly Pontiac Trail and Maple Road. She concluded by emphasizing that children should be able to travel safely throughout the city and that motorists should be held to the same standard of care.

Mayor Gunther said thank you and appreciate it, we definitely are addressing something, but I don't think any of us want to take the bikes away from kids, but we do have to figure out how to make it very safe for them. We have to educate both the adults that are driving and the kids on bikes. Because I've seen some kids get very badly injured. I think we're planning on addressing something. We have a Traffic Safety Board that's going to take that on. We've looked at some other cities as well. Thank you for your time.

Randy Cevora said Denise Hewitt is suing him, and he handed out copies to council. I'm here to make sure you get this lawsuit. I feel I shouldn't be a part of this lawsuit. It's been written by a lawyer. She had to get it from a lawyer. This is about the garage sales as you guys know. She is running a business and states she's suing me for loss of wages in her lawsuit. It's nothing to mess around nowadays with lawsuits and I take them very seriously. My neighbor said they did not know number of garage sales Ms. Hewitt had but thought she had five this summer. My neighbor said she had four, but the police showed up on the 4th one. This has been going on and on. We have a code, why are we not enforcing it, you can't have businesses. Our code enforcer has gotten 7 businesses out of our subdivision. There's 2 left, her and a guy with the auto repair shop across from me. Code Enforcement is working on them. They need to be shut down; we are a subdivision. We're not a business area, nor were we ever. That's why I bought my home in a subdivision. Ms. Hewitt has been going at this for 38 years and she's intimidating us and it doesn't work because we're going to stand up for our rights. We feel that it has to move on to courts. Let's get this over once and for all. You guys wrote the codes, you guys say there's no home businesses. Unless you guys change it, no more. These people are coming in my driveway, coming in my garage all the time, parking on my grass and I’m done with this. This was the final straw, the threat of a lawsuit. This involves the city too because I feel that you guys should go farther and put a close on this thing. We're tired of coming down here. Thanks, you guys, for my time.

Denise Hewitt, 1149 N Eddie Street - this man has been the problem of our subdivision since I've lived there. My subdivision has had it with this man to where I got an attorney to sue him for all the allegations that he is saying. You're allowed to have three. Last year I had one, the year before I had one. I can prove it. I've got my paperwork. The people across the street from him have put a fence so high that their little boy can't even see out. Then the people that he's accusing, he's the trouble and problem of the neighborhood not the accused guy across the street that he's accusing of mechanical work is the sweetest guy in the world, he doesn't have a mechanic shop. That guy doesn't bother anybody. My attorney wrote a letter. I mind my own business. I have one, maybe 2. I had one garage sale last year, one the year before. My attorney wrote a letter and said, if all these allegations are true, show us pictures of someone driving in your garage. You've got cameras all over the neighborhood. Show us people that are going on your grass, throwing papers on your grass. My attorney said, show me proof. He can't show proof I run a business out of my house. I mean, that's insane. I've had one garage sale, like I said, the year before and the year before. He said, if I want to have another one, because I just got Tommy's stuff out of the storage unit, I paid 8 grand in the last 5 1/2 years storing his stuff. So now I was wondering about another garage sale, the reason I was here. I didn't know he was going to be here, but I guess he's at all the meetings. People don't even respond to this man anymore. He's not playing with a full deck. I've lived in this neighborhood for all these years, and he's been a problem for everybody in the neighborhood. I mind my own business. I'm hardly even home. I have been out of town 63 times in the last two years. I model for a living and work trade shows. That's my business. I have never run a business out of my house. And I had garage sales selling my husband's stuff. It's been five years and five months. And I've had, like I said, one year, I can prove it from last year and year before. And the reason I came tonight was because the mayor said if I wanted to have an extra one, that I could and that's why I was coming here to have one extra one. Everything is self-contained in the garage. All I do is open the door. His clothes are hanging on roller racks, and I've got 20 boxes left of his clothes that I haven't even opened yet. And the mayor at the last meeting said if I want to have an extra one, I was to call. I'm here to get permission and I've called the mayor last night and I've texted him. I texted Paul Barch, who knows that Randy is a problem and he needs to be locked up. He's here every week. He's here every month, you know. So I was wondering if I could have just one more. I was planning, I got everything ready so I could have it tomorrow, but I wanted to get permission from you because you said if I wanted to have an extra one or two and all I want is one more. And I don't want to schlep the stuff because I don't have enough room in my van to carry the stuff that I need to take. So your honor, if I could get permission to have one more. And like I said, hardly anybody comes and no one parks. He doesn't even live on my street. He lives on the next street. Why would someone park in front of his house? He doesn't even live on my street. and people, they park and everyone that pulls in my driveway, I make sure they're not on the grass. And there is nobody in my whole subdivision that thinks this is the problem. Where is his lineup of people to prove that I'm wrong? He's just a problem and a troublemaker. Some people have nothing better to do. All right, I'm done.

Mayor Gunther said there is a special use permit. He said we do have an ordinance, and he compared the city ordinance to neighboring ordinances and ours is similar. He said a Special Use Permit needs to be applied for.

Council Member Woods explained he reviewed the letter provided by Mr. Cevora and asked Ms. Hewitt for clarification in reference to what her attorney wrote, “financial loss to your peaceful and lawful business”. Council Member Woods explained Mayor Gunther, at a prior council meeting, suggested to Ms. Hewitt the Market Place venue to sell her items and her response was that she would have to rent a U-Haul. Council Member Woods said he was at a flea market in September which Ms. Hewitt was selling stuff out of her vehicle. He said it is possible, what the Mayor suggested, to have Ms. Hewitt participate in the Market Place if she wishes to sell her items. This would help the situation, Ms. Hewitt gets to sell her things, and the neighbors do not have to see all the traffic going through the neighborhood.

Mayor Gunther said the council is not going to change the ordinance.

Trinity Geer, 31296 Spring Lake Boulevard - Okay, so I came here today to raise concern about a man that works at Barrels of Wine off East Walled Lake Drive named Oday Hassan in hopes that he won't have the opportunity to take advantage of any women and something can be done to stop his behavior. I know that some of you on this council have a close relationship with him and I question that fact. So I would like to make you aware of the police report I filed for a sexually disturbing incident that occurred to me at his hands. So here's the police report that I filed with the Walled Lake City Police Department. I have copies for everyone. I don't want to take up too much of your time. So I do have one for all of you. So I won't read the whole thing. But in closing, I would like to make you aware of his extensive criminal history from his felony assault with intent to murder, his felony weapons carrying and concealed weapons, and his misdemeanor assault and battery. On top of that, his party store has also been raided, and he was found to be selling marijuana, vape pens, gummies, and pre-rolls. More disturbingly, he recently was arrested and spent the night in Novi Jail just a few weeks ago and is now charged with a felony retail fraud charge. I would hope that this mayor and council keep this man's criminal record in mind when dealing with him. Thank you for your time.

Lewis Horvath – I work in Walled Lake and drive through the city regularly. A little over a month ago, I stood before you and asked that the city reevaluate its Flock safety contract. Since then, more than 30 additional communities and public agencies have moved to terminate, suspend, deactivate, or decline to renew Flock. I also want to be clear about my sources. Everything comes from municipal records, government statements, or established news organizations, not social media. I have a source list with me tonight, and I would be happy to provide a copy to any member of council who would like one. Last month, the mayor said anyone opposing these cameras would want them used if a loved one went missing. But usefulness cannot be the only test. Police could solve more crimes if they could read every private e-mail and text too. We would still draw a line. That is the question before us. Not whether Flock can ever help, but whether the reach of this system crosses that line. The chief has called Flock a tool to help police, but this is not a flashlight or a taser. It is a privately operated network creating searchable records of ordinary motorists who are suspected of nothing. And I am trying to help our officers too. Flock itself acknowledges that plate readings can be incomplete or inaccurate. In South Carolina, a bad read led officers to hold an innocent driver at gunpoint. In Florida, a flock hit focused investigators on the wrong woman who spent 13 days in jail before the charges were dropped. Bad information puts motorists and officers into potentially dangerous encounters. Michigan communities continue to act. Over the last month, South Lyon,

St. Clair Shores, Lincoln Park, and Madison Heights have covered, shutdown, or declined to renew their systems. Milford voted unanimously not to renew at the recommendation of its own police chief. Flock offered employee buyouts in September, and this month cut roughly 18% of its workforce. Last month, council said it intended to hear from a Flock representative. I hope you do. But ask what happens when things go wrong. For example, I mentioned Boston last month. Its contract required nationwide access to be disabled, and Flock enabled it anyway. So ask who can access Walled Lake's data, which limits are actually enforced, and whether Walled Lake can permanently delete its data if and when it chooses. Until those questions and others are answered, these cameras should not continue collecting information on innocent civilians. Bag the cameras while we wait for the flock representative. More than 30 additional communities have acted since I last stood here. Walled Lake does not need to become the example that convinces the next one. Thank you.

PUBLIC HEARING

1. **Community Development Block Grant Program Year 2027**
   - **Request for Approval of the Recommendation of CDBG Funds for Program Year 2027**

Open Public Hearing 7:58 p.m.

City Clerk Stuart reviewed the recommendation for Program Year 2027 which includes a tentative allocation request of $7,000 allowing $3,500 for Public Services to HAVEN and $3,500 for Public Services for Hospitality House.

Close Public Hearing 7:59 p.m.

CM 10-03-26 MOTION TO APPROVE CDBG PY 2027 RECOMMENDATION OF $7,000 ALLOWING $3,500 FOR PUBLIC SERVICES TO HAVEN AND $3,500 FOR PUBLIC SERVICES FOR HOSPITALITY HOUSE

Motion by Woods, seconded by O'Rourke, CARRIED UNANIMOUSLY: To approve CDBG PY 2027 recommendation of $7,000 allowing $3,500 for public services to HAVEN and $3,500 for public services for Hospitality House.

APPROVAL OF MINUTES

1. **Regular Council Meeting Minutes of September 1, 2026**

Mayor Gunther explained there were a few inconsequential items to amend.

CM 10-04-26 MOTION TO APPROVE REGULAR COUNCIL MEETING MINUTES OF SEPTEMBER 1, 2026

Motion by Ambrose, seconded by Arnold, CARRIED UNANIMOUSLY: To approve regular council meeting minutes of September 1, 2026.

Roll Call Vote

Ayes (6) O'Rourke, Schinzing, Woods, Ambrose, Arnold, Gunther
Nays (0)
Absent (1) Loch
Abstain (0)

2. Regular Council Meeting Minutes of September 15, 2026

CM 10-05-26 MOTION TO APPROVE REGULAR COUNCIL MEETING MINUTES OF SEPTEMBER 15, 2026

Motion by O'Rourke, seconded by Woods, CARRIED UNANIMOUSLY: To approve regular council meeting minutes of September 15, 2026.

Roll Call Vote

Ayes (6) O'Rourke, Schinzing, Woods, Ambrose, Arnold, Gunther
Nays (0)
Absent (1) Loch
Abstain (0)

COUNCIL REPORT

Council Member Schinzing said all of you received a planning and zoning report from our planning consultant that should, I believe, satisfy what you were asking for about what's in play. Again, it has to be something recent. I told him if someone came a year ago and hasn't come back yet, don't bother. These should be all the recent activities and where they stand in the process. If you guys have any questions, you can hit me up anytime, we should be able to get this on a regular basis. It's been very slow. I think the last two or three meetings, there's been almost zero activity at the commission standpoint. Now, there may be activity in the background, and that's why I asked for this report so we can kind of see what's germinating and marinating.

Council Member Woods explained he did call in to the last DDA meeting and Planning Commission meeting. One thing that was important, is we're talking about the master plan and through that meeting, it was discussed public input which is important. We want to make sure the public's involved here, that they do have a chance to voice concerns and thoughts. It is important we get the word out. We're going to have McKenna at the Market Place tomorrow. I do like that they're getting started here to get that communication. But if we're limited in the number of visits that they're going to be doing, I think we should add some more on there to make sure that we're getting a fair amount. I don't want us to look like we're rolling this out quickly. We want to make sure the public is involved.

City Manager Whitt reported that the Planning Commission is proceeding with the Master Plan update at City Council's direction. He commended the consulting planner's presentation, which outlined the process, public engagement opportunities, and anticipated meetings. He clarified that the initial meeting focused on the process rather than proposed changes, which will be considered following public input. City Manager Whitt explained that the update should not be rushed and that the process should allow sufficient time for public participation. He explained that the Master Plan is a policy document guiding the City's future, while the zoning ordinance establishes the law. He encouraged council members to attend the City's Market Place event, engage with the public, and gather input from their constituents regarding the Master Plan update.

Council Member Woods explained the council spoke prior about a holiday lights award contest. It's going to be coming up quickly. If we wait till the November Parks and Recreation Commission meeting, I think we're going to miss it again this year. I'd like to recommend sending out an e-mail to all the boards and commissioners and council and the mayor to go around town during the holiday season and vote, staff can then tally that up. His son offered to do three 3D print awards. I'd like to get a jumpstart on that for the holiday season. He said we can utilize the city's website and council can share through their social media accounts. He said the tree lighting ceremony is coming up quickly one thing that we did well last year is we paid attention to the volunteers. Casey's of Walled Lake helped with hot chocolate for the band. Hopefully we can do that again this year. He said Wixom does a warming area and asked if we can maybe use the fire training room for the bands and the carolers. He asked if there were any businesses that would like to volunteer pizza for the volunteers.

Mayor Gunther said he would work on the pizza donation.

Mayor Pro Tem O'Rourke reported that the Parks and Recreation Commission discussed concerns regarding e-bikes and e-motos, noting their impact on parks, sidewalks, and public safety. He said we do have somebody on Parks and Recreation who has become somewhat of an expert because of his other job, Patrick Linihan director of Parks and Recreation for Genesee County who has attended a conference up in Mackinac Island where that was a big discussion for the state. Although regulations will be addressed by the Traffic Safety Board, Police Department, and City Council, the Parks and Recreation Commission intends to provide feedback based on its observations and experience. He also encouraged residents to consider serving on the Traffic Safety Board, which currently has three members. The Board addresses issues including e-bikes and e-motos, bus stops, traffic signals, traffic flow, and traffic cameras. He emphasized that greater citizen participation on boards and commissions helps inform sound decisions and effective ordinances. Mayor Pro Tem O'Rourke said the Traffic Safety Board would like to increase its membership to five members, with seven being ideal. He stated that the summer concert series was very successful and thanked DPW Superintendent Dan Ladd and the DPW staff for their stage setups at the Casey J. Ambrose Public Safety Campus and Hiram Sims Park. He also recognized Miranda Sears, Chelsea Pesta, and Jennifer Stuart for their work coordinating contracts and securing bands. He said that the current budget may not be sufficient to cover increasing band costs. The Commission will review its budget needs and explore seeking sponsorships from local businesses. Sponsors would be recognized on signage displayed throughout the summer concert series. He said one of our commissioners on Parks and

Recreation members, Commissioner Arnold, put together a really good template of what a sign could look like and the Commission is working with Department of Public Works to see where that would work best on the grounds. When people walk by this historic home, they'll understand what the history is and why we have it there.

MAYOR'S REPORT

1. **Board and Commission Appointment**
   - **Resignation from Library Board**
   - **Applicant for Library Board**

Megan Talenda applicant for the Library Board - I live in the community. I'm a mom of three younger kids and I spend all my time at the library. We've just really benefited from the programs at the library. It's very hectic having three little kids, especially when they were not in school yet. The library has always been sort of a safe haven for us, especially recently, the children's librarian Taylor has done such an excellent job, Carrie has done an excellent job. I would love to contribute and offer my perspective. As you know, someone kind of in the trenches right now with young kids, and I would love to help make the library, you know, even better.

Ms. Talenda was interviewed by council.

CM 10-06-26 MOTION TO NOMINATE AND APPOINT MEGAN TALENDA TO THE LIBRARY BOARD

Motion by Gunther, seconded by Woods: CARRIED UNANIMOUSLY: To nominate and appoint Megan Talenda to the Library Board.

2. **Proposed Template Form Employment Agreement**

City Attorney Vanerian explained he went through a preliminary legal review so far of what he received from Mayor Gunther and he asked if other council members had feedback to add. Council will have to review and share suggestions and changes they would like to make.

Discussion was held on the provided template.

Mayor Gunther asked for council to review.

Council Member Arnold asked for the document to be sent in Word format.

3. **License Plate Reader Policy Review**

Police Chief Shakinas explained that the City of Walled Lake contracts with Flock Safety, based in Atlanta, Georgia, and has six license plate readers (LPRs) positioned to cover the entrances to the city. He stated that the Police Department has an established policy governing when and how officers may use the system. He personally audits its use weekly and reported that there have been no instances of misuse. He noted that officers understand the importance of using the

technology appropriately to avoid losing access to the tool. Chief Shakinas explained that Flock operates as a regional network used by surrounding law enforcement agencies, including Novi, Commerce Township, Wixom, Wolverine Lake, West Bloomfield, and Farmington Hills. He noted that criminal activity often extends beyond municipal boundaries, making regional information sharing beneficial to investigations. He explained that questions have been raised regarding data retention, access, and information sharing. The city currently shares information with law enforcement agencies but does not share it with U.S. Immigration and Customs Enforcement (ICE). He stated that the system also involves other federal agencies, including the National Park Service, postal police, and the FBI. He emphasized that determining which agencies may access the system is ultimately a policy decision for City Council. Chief Shakinas stated that he and the City Manager have spent considerable time discussing these issues. He explained that legitimate law enforcement requests generally require a police report and must serve a criminal justice purpose. He acknowledged that reports of misuse involving law enforcement technology are concerning and should be addressed whenever they occur.
Chief Shakinas described an incident in the fall of 2025 involving a missing elderly woman. Her family contacted the Police Department after she left home to run errands and did not return. Officers obtained a police report number and used Flock to search for her vehicle. The system identified her vehicle through cameras in Wixom near Kensington and along Beck Road, with the last detection occurring in Plymouth Township. Walled Lake Police contacted Plymouth Township Police, who located the woman within two hours in a subdivision. She had four flat tires, was dehydrated, and required medical attention. Chief Shakinas noted that while concerns about misuse receive significant attention, the system can also provide substantial public safety benefits. Chief Shakinas reported that Walled Lake is currently classified as a legacy agency under its Flock agreement, with data retained for 30 days. He identified several policy options for Council's consideration, including determining the appropriate retention period and whether information sharing should remain nationwide, be limited to Michigan, be restricted to Oakland County, or be discontinued. He also discussed the possibility of limiting system access among the Department's 20 officers. One option would restrict access to the two detectives, lieutenant, deputy chief, and police chief. Under this arrangement, other officers would submit requests to authorized personnel, including contacting an on-call supervisor when necessary. He noted that searches may go days or weeks without being needed and that this additional oversight could help prevent inappropriate searches, including searches involving officers' personal relationships. He emphasized that even well-intentioned officers can make mistakes and that restricting access could provide an additional safeguard. Chief Shakinas stated that he considers Flock a valuable law enforcement tool but recognized that the decision regarding its future use, access, and information-sharing policies rests with City Council. He confirmed that the Downtown Development Authority (DDA) funds the cameras and that the City's contract with Flock Safety runs through June 2027.

City Manager Whitt asked Chief Shakinas to identify who does not have access to our flock, who has not used it, who does not have access.

Police Chief Shakinas explained the only authorized users are certified police officers licensed with the Commission of Law Enforcement Standards. Those are officers that wear a uniform. He said the City Manager does not have access, nor does the Fire Chief, Director of Human Resources, Library Director, and whoever else is the head of a department. He said he monitors

it on a regular basis. He said when an employee leaves our employment, we have a process to remove their access.

Mayor Gunther explained we talked about a transparency dashboard where we've got reports included in a council packet, the department standard report every month. He explained he had discussion about what the Traffic Safety Board is going to be able to do. Mayor Gunther explained we have reviewed each camera. We've made sure they're not pointing into people's bedrooms. They're not checking out people's yards. They're in these areas as a place where a citizen that has a concern could come and go and get feedback and be able to see exactly what's being shown. There's a lot of disinformation. It's a really good tool. I think that's necessary to be able to provide for public safety. You know, again, I think I've said this a number of times. If my son went missing, I would want Flock safety cameras on every street corner. Because it's that important. You only have a little bit of time. What we don't seem to do is tell those positives. Nobody seems to tell a positive. We want to share some of it. But I think we're going to make sure we've locked this thing down. There's going to be some meetings with the Flock technicians because I want to understand, I do personally, I want to understand how much is the signal that they've got. How many megapixels are their camera. What are they actually capturing versus what we think they capture. Because it's a centralized system instead of a distributed system, which is a little bit weird. You would think you'd get the data and then you'd allow the sharing from our site. They're using that data for improving their image recognition software. Nobody's getting paid for any of that. They're taking it from all the cameras that they got. Every half a second, they can get like 28 images. We need to really understand what's going on. We got some way of controlling access if there was a terrorist attack or a assassination attempt we'd certainly want to be able to have access right and I think it's easy enough for us to authorize the access with the appropriate reasons I don't want to lose the baby with the bathwater here. It is something we need to lock down. I've asked the Police Chief to arrange a couple committee meetings on this and make sure we're addressing all the conspiracy theorists and the actual concerns that are valid right. I'd like the motion to reduce the retention period to the seven days because I think that is if we don't have an emergency which this should only be running these things for an emergency. We should list which ones we're going to do. These are the things we will search for; these are occurrences that we're not going to bother. But I'd like to say we can drop that retention period to seven. A lot of communities have done that. If within seven days you have an emergency and seven days go by, was it really an emergency. At least that's a first step to being able to do that. But I commit to everybody, we should make sure there's no way this thing can be misused. Because it's really too important to let it go. I think we need to share all these positives. The people that have gotten caught with it and obviously the guy who was running over the Flock cameras and didn't realize that he was going to get caught by the camera he was running over. But we got that. That's a good one. The older woman rescue, that was that was amazing. She was sitting in a neighborhood dehydrated and had four flat tires. Her rescue was amazing. I think I've committed to doing this and I hope everybody else is with me. I think a lot of the other communities have just canceled it because they've had people upset and complaining, which I understand.

Council Member Arnold stated he wants to be very careful it's people's opinions. He asked why seven days, why not three days. Is there statistical data that backs up the choice of seven or was it just arbitrary number less than thirty. I'm not anti and I'm not for. I really want to look at the

impact of these choices. I'm certainly willing to support this if we can feel that we can contain it. But I think also that the fear is that it's not the case. It's the potential avenue that it can go as well. I also want to see if there's a means, and this could be naive or idealistic, but a means that the constituents could talk us out would we ask them to do a petition. What I find a little bit surprising right now, with appreciation to gentleman's passion, we have not had a single constituent, I believe, come from Walled Lake that has been anti-flock and said that they don't want it. They've not come to a city council meeting yet to do that. So that would lead me to believe that no one shares the same passion as this gentleman who has good data and everything like that. But I find that a little bit surprising if the whole city doesn't want it. So then if we can funnel it down to these meaningful decisions about how we contain the data. I agree with you having the reports that come out, who accesses it, I want to understand myself. No one can take a name out of that log. We know exactly who went in that system, but then learning more about it. I overall, am in favor of tuning these things until we get a stronger resistance or a resistance. We can really hone this in. But I want to know why though. I mean, you're an engineer, I'm an engineer. I want to know the math that went behind some of these decisions and see where it goes.

Mayor Gunther stated I understood that we looked at the option that they've given to get to seven-day retention because people were complaining about the data being around too long. With the discussions we had tonight, if it's an emergency and that's really kind of why you're using it. If you didn't get it in seven days, you are not going to get it.

Mayor Pro Tem O'Rourke asked with the restriction for the seven days, does that go across the country. The other thing I'm a little concerned about is the sharing aspect.

Police Chief Shakinas explained right now we're allowing sharing across the country. It's sharing within the state is easier and even sharing within the county. I shared a story with the mayor. We had a call from a detective outside of Toledo and they had a stolen car report. It turns out that the car was stolen early in the morning and, went by our Flock camera several hours later. It was stolen from outside of Toledo, immediately driven to our area. Detectives from there contacted our detective. We're looking at auto theft ring. Now when we turn that stuff off, that goes away. Now again, in two years of having Flock, that's the first case we've had out of state outside of our DEA detective. Now I don't want to get too deep into that, but he utilizes this system to track some very bad people at the cartel level. Council has to decide how we use it. We did it before without it, but the technology is there. We hate to be a step behind the really bad guys, but we need to weigh that between people's safety and security and liberties. I don't know how we get past some of them, what I believe are misnomers on social media. I don't think going from thirty days to a seven-day retention hurts us.

Council Member Schinzing asked who is in control of the physical data. Does Flock have the physical data or is that in a database in our system. He asked if that data resides on our systems at all. What is the liability standpoint if it gets hacked, who is liable.

Police Chief Shakinas said the data is not stored at our physical location.

Council Member Schinzing stated I think it's a little disingenuous to say those who are for it are for it and those who are against it are conspiracy theorists, because I think there is a lot going around the country right now, there is a Fourth Amendment concern. Yes, there is no expectation of privacy in public, but most case law has been written around non mass surveillance privacy or public. I think there's some cases in Texas that are moving forward from a Fourth Amendment standpoint. I just wanted to bring that up as it is a concern for citizens who would like to go about their business without mass surveillance. I think it's just the fact that it is right. There's something to be said about giving up freedoms for safety. I agree there's some benefits of the system, but you also have to give up freedoms for those benefits and how much freedom is necessary to give up for what kind of benefit.

Council Member Arnold stated I encourage us to make some of the changes that would be in the favor of reducing the scope of it, i.e. 30 days down to seven days soon. But I would love to have a bullet point list of all these decision matrixes that we can figure out and go case by case. I encourage, and I'm saying this to anybody watching the live stream, please come in and give us your opinion on this. You elected us. We're going to make decisions for the city, but we want to hear from you as well, because this is a pretty recent and new thing. I encourage your voice to be heard. Certainly, I tend to be more of the, I guess, the paranoia guy. But at the same time, I recognize that you have finite resources, finite time, and this could be a life-saving aspect of it. How do we then find that trade off. I'd love to hear additional voices from within the city.

Mayor Pro Tem O'Rourke stated suggestions around the six LPRs, do we need 6. Pontiac Trail has 33,500 cars a day traveling on it. High risk, I can see where that could be an advantage for a flock camera if we're going to use it for legal purposes. But East Lake Drive, do we need them on East Lake Drive, is there that much risk. Has there been any evidence that those locations have helped arrests or lead to arrest. Maybe we even look in the interim, do we need six of those or could we remove a few of them that don't really have significance, and arrests are leading to criminals.

Mayor Gunther stated I think we just need to get the committee going with the Traffic Safety Board. And if there's anything else, maybe different. Obviously, the citizens need to contribute. I think it'll be interesting once you start to see the things that they've got. There was a thought that the cameras on East Lake Drive were looking at people's driveways or looking at their houses, that's not the case. In fact, we talked about was when it's certified by a citizen on the Traffic Safety Board, that it's not an inappropriate position looking in windows or in backyards, that then every month Paul says, hey, we looked at, we checked it, here's another image, it hasn't changed. It's something to that effect that doesn't, you know, it gives them a little bit of lack of concern and it's actually doing what we said it was doing. It is not falsely looking in your windows. We need to understand, can we contribute and be part of the global Flock or the nationwide Flock. But if so, anybody who requests the data has to get approval and they've got to have a reason that's legitimate. You would hate not to know about that car that was stolen and if it's part of a theft ring too. Let us get a committee with the Traffic Safety Board and the citizens need to contribute.

Council Member Arnold stated I agree that it is definitely something we can do. It is really good suggestion to limit the data retention period.

City Manager Whitt explained we don't have to come back to council to do certain basic things. We can restrict it. We have a policy. We've had a policy. I don't know if you underscored that. We've had a policy at the beginning, and it doesn't allow any elected official access. It doesn't allow me access. It doesn't allow city hall staff access. It allows the ones who are wearing blue, and that's it. The rumor is, and you've probably heard it yourself, everybody's looking. That's all nonsense. But there have been reported abuse and that's why we have people that show up. The abuses are only known because other good police officers popped the ones that were bad. Anything that we've discovered that's wrong has been discovered by other law enforcement officers who are doing the right thing. This technology is utilized all over because it works. Even if it's not Flock, they're using the reader technology, and they will continue to do that. In the past if you've traveled going through the toll booths you threw in your quarter. Now they take your picture, they send it to you and say pay the bill. That's Flock under a different name. The states have got this information, and some states sell your driver's license information. Technology is not going away in the use of it. The issue is how do you avoid corruption of the process; the technology is solid. The Police Chief himself has caught offenders by utilizing Flock. He has done that while sitting in his office. But nobody else has access. Again, nobody's sitting around looking in anybody's window. They peddle that because it seems to fit the agenda sometimes. They don't involve themselves in that. Now you, council are doing good by being involved in what should be done. I think we can change the policy on two issues. Change the time that we're holding it and make sure that we've tightened up who has access. Now we will take a review of the policy and then we'll be ready at the next meeting. The Traffic Safey Board can do some basic changes like the councilman requested tonight, tomorrow even.

Council Member Arnold asked how the city knows that Flock is actually deleting the data after seven days. Is this a rabbit hole that maybe we can't go down tonight, but there is data retention strategies, and particularly if this is on AWS, there could be backups of backups of backups. What is Flock’s legal binding in the contract that we have with them that says that if we only want them to retain for seven days, what are the damages and how does that get handled if we find at some point that Flock did not delete it after seven days.

Police Chief Shakinas explained that from doing searches, we find that data disappears to us. Now what they're doing past that, they tell us one thing, and we hope that they're doing that, but how do you believe anything anymore. If you lose trust in a system or something, I don't know how you get that back. There are a lot of legitimate people out there who had that same concern that Flock is misusing it. Now there are other companies out there who only sell to law enforcement, who only provide data, for example, Axon, they only sell to law enforcement agencies their technology and their readers. Flock sells to the private sector. You pull into any Lowe’s; you're driving past a Flock camera. Now they claim that the only way they access that is through law enforcement, but they give them permission to use it to access that. Any private company can buy an LPR from Flock and allegedly it's only used by law enforcement when they're given permission from that private company. Those are questions we struggle with.

City Manager Whitt explained we can issue our position as early as tomorrow and propose to Flock. Concerns you can take up in your meetings with the Traffic Safety Board and get it back to council. He explained we can make sure that we've taken a position tomorrow on the two most

important parts, access to it and the retention time on it. He said we have to find out where the guardrails are.

Mayor Gunther stated that's why we got to get with the Flock team before council. I'm with everybody on the you can't accept the fact that I'm from the government and just trust me. I agree that's a big concern if you're just blindly trusting. But I want to make sure we lock this thing down as best as we can, still provide the ability for these guys to do some really good police work. I'm sure the Guthrie family down in Texas would have loved Arizona to have cameras but they didn't have any cameras down there. If you think your cell phone's not given everything more detailed, I can't believe you walk by a McDonald's, and it comes up on it comes up on your phone. There are other tools out there that are probably way more intrusive. Let's lock it down as best we can, protect the tool. We definitely got to be transparent. Let's show the wins. Let's show the losses. Let's show what we know how we're going to use it. If it's used incorrectly, what does that mean to the person that was used incorrectly on. I certainly don't want everybody with a red hat to get arrested. I agree with the concern, in some respects, and I agree with the safety part in other respects. But the best we can do, is lock this thing down. Maybe let's add on to the end of it that we get by December. We've got a bunch of recommendations and discoveries and a package put together on it. Because I think it's important that we do that. How are we going to report. What are we going to report and what are we going to do when somebody has a concern.

Chief Shakinas said we will have report for next month's meeting.

CM 10-07-26 MOTION TO RESTRICT FLOCK RETENTION PERIOD TO SEVEN (7) DAYS AND RESTRICT FLOCK ACCESS TO UNIFORM OFFICERS IN ADDITION HAVE REPORT AVAILABLE TO COUNCIL AT THE DECEMBER MEETING

Motion to Arnold, seconded by Woods: CARRIED UNANIMOUSLY: Motion to restrict Flock retention period to seven (7) days and restrict Flock access to uniform officers in addition have a report available to council at the December meeting.

Roll Call Vote

Ayes (6)	Schinzing, Woods, Ambrose, Arnold, O'Rourke, Gunther
Nays (0)	
Absent (1)	Loch
Abstain (0)	

4. E-bike Policy Review

Police Chief Shakinas stated that communities throughout the state are addressing concerns regarding e-bikes and emphasized the importance of balancing public safety with continued access to these devices. He explained that Michigan Law, under Chapter 257 of the Michigan Vehicle Code, defines e-bikes and establishes applicable requirements. However, the primary concern is electric motorcycles being operated on public roads when they do not meet the legal requirements for e-bikes. Chief Shakinas explained that e-bikes are generally limited to 750

watts of motor power. He referenced the crash involving a 13-year-old boy the previous Wednesday, noting that the vehicle involved was an electric motorcycle rated at approximately 2,000 to 2,500 watts, more than three times the permitted power for an e-bike. He stated that such vehicles are not permitted on public roadways as e-bikes. He added that officers have been actively addressing these concerns and, within the past week, attempted to stop several young riders who fled from officers. He noted that the Department has restrictive policies governing when vehicle pursuits are permitted. Chief Shakinas reported that the Traffic Safety Board discussed installing signage, which may be brought before City Council for consideration. He emphasized that enforcement must be accompanied by public education. He said that the city has been exploring an educational program through which children and teens could complete online instruction and receive a city-issued certificate or license. He stated that, as the riding season winds down, the city should prepare for next year by educating the public and providing officers with the tools needed to educate riders and enforce applicable laws. He also addressed complaints regarding e-bikes on the Airline Trail, explaining that Class 3 e-bikes are legally permitted on the trail but can reach speeds of up to 28 mph, creating safety concerns for pedestrians. He suggested that the City consider whether additional restrictions are appropriate. Chief Shakinas emphasized that any proposed ordinances must account for available Police Department staffing and be practical to enforce. He noted that adopting regulations without the resources or ability to enforce them would have limited effectiveness.

Mayor Gunther stated there's a whole lot of stuff there and we've got to do something. I don't want every interaction with the police officer and a child on a bike to be negative. Maybe you hand out a ticket, but the ticket's a raffle ticket. You pass that little course online, you get a raffle, maybe we get somebody to donate. I know we had someone from the Masons, their son got really injured in an e-bike accident in Commerce. I'm pretty sure we can talk to them about offering a type of award. You take the class; you get an award. We need the interface to be positive. You don't want this to be a negative interface every time the kid on a bike sees you and they take off. But driving on a sidewalk where there's pedestrians, that is scary. I don't think they know they're doing anything wrong. I don't think the drivers of cars know that they're doing anything wrong. But the interaction between the two is really dangerous and if we don't have a sidewalk for them to ride on and they're stuck on the roadway, that's a problem too.

Chief Shakinas explained we've issued citations. Our officers are diligent out there when they see that. He explained an incident with a 20-year-old this summer who was in a group of eight on the little minibikes, seven of them stopped and one didn't. He got his bike impounded. He got a ticket. There's some struggle there.

Discussion was held on e-bike potential policies, education, and signage all throughout city in particular Pontiac Trail.

Council Member Woods explained he understands we’re trying to get something set for next year. But just watching my kids, their friends, it's easy to go on to Amazon and get that controller, that motor, to boost up. Christmas is around the corner, it's a struggle across the board, people are going to want to put pedals on the e-moped.

Chief Shakinas explained that's part of the struggle is the parents need to be a part of this. The electronic motorcycle that the young man was on was affixed with an aftermarket pedal set to make it look like an electronic bike.

Council Member Arnold asked if golf carts should be included.

Chief Shakinas shared that a former colleague who recently became Police Chief in Jupiter, Florida, identified e-bikes as one of his department's biggest challenges, despite having a department of more than 120 officers and a multimillion-dollar budget. He noted that Jupiter implemented a comprehensive licensing program that has helped address the issue, although challenges remain. Chief Shakinas stated that Walled Lake is moving in the right direction by reviewing approaches used by other communities and emphasized the importance of taking appropriate steps moving forward.

Mayor Gunther -They've offered to share with us their material because they spent a lot of money putting a little like a safety class and a website, everybody can go there and register and I think we want to try and copy it. We're just waiting for them to give us authority to utilize their proprietary development, they just needed to check with some people. As soon as we get the authority, we can put it up. With the accident that happened recently with the 13-year-old, we have to take a look at those intersections. Every one of the intersections on Pontiac Drive, there's violations of the traffic triangle at every corner. There are shrubs and there's signs and there's stuff in those traffic intersections. I know it's Pontiac Trail, but it is in our ordinance and I think we need to take a look at that quickly. Have the Traffic Safety Board and Code Enforcement take a look at those intersections there because the kids are crossing there. I certainly don't want it to be a hindrance on the driver that they can't see. We've got to make sure those areas are clear. I can count on my hands about four or five that looks to me like they're a problem. I know way back in the past, they would just come up and cut all the shrubs down.

CITY MANAGER'S REPORT

1. **Consent Agenda Written Departmental / Divisional Statistical Reports**
    - **a. Police**
    - **b. Fire**
    - **c. Finance**
        - **- Warrant**
    - **d. Code Enforcement**

CM 10-08-26 MOTION TO APPROVE CONSENT AGENDA WRITTEN DEPARTMENTAL / DIVISIONAL STATISTICAL REPORTS

Motion by Ambrose, seconded by Gunther, CARRIED UNANIMOUSLY: To approve consent agenda written departmental / divisional statistical reports.

City Manager Whitt commended the Police and Fire Departments for their professionalism and response to the recent tragic accident, describing the scene as extremely difficult. He acknowledged the loss of a community member and noted that emergency personnel worked

efficiently under challenging circumstances, saving lives. He also thanked assisting agencies, including the Sheriff's Department and Wolverine Lake, for their support, and recognized the need to close roads during the response. City Manager Whitt explained he added a closed session to the agenda to discuss a potential property purchase, which requires a two-thirds roll-call vote under Michigan law. He also noted that Council would receive an update on labor negotiations involving the Police and Fire Department unions. He concluded his report by thanking Council for addressing the evening's agenda items.

2. **Closed Session to discuss Collective Bargaining Agreement Negotiations pursuant to Section 8 (c) of the Open Meetings Act**

CORRESPONDENCE None

ATTORNEY'S REPORT None

UNFINISHED BUSINESS

1. **C-381-26 Amend Chapter 2, Article II add "Standardization of City Employment Contracts"**

Mayor Pro Tem O'Rourke stated I need to have a better understanding of item number one, Citizens Compensation Board Review, I'm really kind of lost on that part where the board shall consist of three electors of the City of Walled Lake initially comprised of three city council members nominated by the mayor approved by city council until board volunteers have been appointed as provided by city charter. That's something I'm just not sure I'm totally comfortable with the three citizens that are involved in the compensation discussion. I need to understand that better and I would not be able to vote on anything this evening until there's a few of these components that we need to dig into deeper for understanding.

Council Member Woods explained the only thing that he had on there was basically the time period for a compensation review. If time was needed further, whatever period of time, the council could allow it, but not in effect to speed things up. So, we're not doing things too fast, but in the fact that we don't want a review to occur for years, or a year. At least with that wording, I would think 45 days to 60 days would be reasonable with a chance to go further pending council approval.

CM 10-09-26 MOTION TO TABLE C-381-26 AN ORDINANCE TO AMEND CHAPTER 2, ARTICLE II OF THE CODE OF ORDINANCES, CITY OF WALLED LAKE, MICHIGAN, BY ADDING NEW SECTION 2-5 "STANDARDIZATION OF CITY EMPLOYMENT CONTRACTS" TO REGULATE EXECUTED EMPLOYMENT AGREEMENTS; MANDATING ETHICAL COMPLIANCE AND SEVERANCE FORFEITURE TERMS; ESTABLISHING CITIZENS COMPENSATION BOARD OVERSIGHT; REQUIRING TWO-THIRDS (2/3) UNANIMOUS COUNCIL CHANGES;

DEMANDING PUBLIC DISCLOSURE PREREQUISITES PRIOR TO CONTRACT EXECUTION

Motion by O'Rourke, seconded by Arnold, CARRIED UNANIMOUSLY: To table C-381-26 an ordinance to amend Chapter 2, Article II of the Code of Ordinances, City of Walled Lake, Michigan, by adding new Section 2-5 "Standardization of City Employment Contracts" to regulate executed employment agreements; mandating ethical compliance and severance forfeiture terms; establishing citizens compensation board oversight; requiring two-thirds (2/3) unanimous council changes; demanding public disclosure prerequisites prior to contract execution.

2. **Second Reading C-383-26 Amendment to Chapter 54, "Parks and Recreation", Article I, "In General" to adopt regulations pertaining to public areas**

Council Member Woods explained the Parks and Recreation Chairman Linihan requested to add multi-use trails.

Mayor Pro Tem O'Rourke explained the ordinance did not address somebody occupying a parking spot, basically setting up camp, putting all of their stuff there, using it as their spot that they are taking over for the day, cooking, sleeping, setting up a tent.

Discussion was held on public parking spaces as applicable public area, hammocks, and sunshades.

City Attorney Vanerian said he will make the text revisions and bring them back to council.

CM 10-10-26 MOTION TO TABLE SECOND READING C-383-26 AN ORDINANCE TO AMEND CHAPTER 54, "PARKS AND RECREATION", ARTICLE I, "IN GENERAL" OF THE CITY OF WALLED LAKE CODE OF ORDINANCES TO ADOPT REGULATIONS PERTAINING TO PUBLIC AREAS WITH DISCUSSED REVISIONS FROM COUNCIL; DISTRIBUTE TO THE PARKS AND RECREATION COMMISSION AND DOWNTOWN DEVELOPMENT AUTHORITY FOR THEIR REVIEW AN INPUT

Motion by Woods, seconded by Ambrose, CARRIED UNANIMOUSLY: To table first reading C-383-26 an ordinance to amend Chapter 54, "Parks and Recreation", Article I. "In General" of the City of Walled Lake Code of Ordinances to adopt regulations pertaining to public areas with discussed revisions from council; distribute to the Parks and Recreation Commission and Downtown Development Authority for their review and input.

NEW BUSINESS

1. **Proposed Resolution 2026-28 Budget Amendment Fiscal Year 2026-2027 to provide funding former employee settlement agreement**

City Manager Whitt explained that ratifying means as a matter of municipal law, you can ratify something after the fact. He explained to council they made a motion to do certain things that also involve spending money. He said this resolution ratifies the motion, and it makes the independent auditors happy to see that in the record.

CM 10-11-26 MOTION TO RESOLUTION 2026-28 A RESOLUTION AMENDING THE FISCAL YEAR 2026-2027 BUDGET RATIFYING THE FUNDING FOR A SETTLEMENT AGREEMENT WITH A FORMER EMPLOYEE

Motion by O'Rourke, seconded by Schinzing, CARRIED UNANIMOUSLY: To approve resolution 2026-28 a resolution amending the fiscal year 2026-2027 budget ratifying the funding for a settlement agreement with a former employee

2. **Proposed Resolution 2026-29 a resolution approving the 2026 Delinquent Nuisance Receivables to be placed on the 2026 December City of Walled Lake Tax Roll**

CM 10-12-26 MOTION TO APPROVE RESOLUTION 2026-29 A RESOLUTION APPROVING THE 2026 DELINQUENT NUISANCE RECEIVABLES TO BE PLACED ON THE 2026 DECEMBER CITY OF WALLED LAKE TAX ROLL

Motion by Woods, seconded by Gunther, CARRIED UNANIMOUSLY: To approve resolution 2026-29 a resolution approving the 2026 delinquent nuisance receivables to be placed on the 2026 December City of Walled Lake Tax Roll.

3. **Proposed Resolution 2026-30 Drain Special Assessments 2026 Winter Tax Roll**

Council Member Schinzing asked for clarification if it is the Norton or Leon Drain.

Council Member Woods explained this drain fees are assessed and assigned by Oakland County Water Resources Commission, not the council and they are assessed every year by the county.

City Manager Whitt stated this council has never voted for a council voted millage increase; we are a collection agency for the county.

CM 10-13-26 MOTION TO APPROVE RESOLUTION 2026-30 A RESOLUTION APPROVING THE OAKLAND COUNTY WATER RESOURCES COMMISSIONER COUNTY DRAINS / LAKE LEVEL CONTROL FACILITIES 2026 SPECIAL ASSESSMENTS FOR REPAIR AND

MAINTENANCE OF THE GREENAWAY DRAIN, NORTON DRAIN, AND TAYLOR-LADD DRAIN TO BE PLACED ON THE 2026 DECEMBER CITY OF WALLED LAKE TAX ROLL WITH AMENDMENT TO CORRECT LEON DRAIN TO NORTON DRAIN

Motion by Ambrose, seconded by Gunther, CARRIED UNANIMOUSLY: To approve resolution 2026-30 a resolution approving the Oakland County Water Resources Commissioner County Drains / Lake Levels Control Facilities 2026 Special Assessments for repair and maintenance of the Greenaway Drain, Norton Drain, and Taylor-Ladd Drain to be placed on the 2026 December City of Walled Lake Tax Roll.

COUNCIL COMMENTS

Council Member Woods said he attended the State of the Lakes event, Mayor Pro Tem O'Rourke attended and Mayor Gunther. He said the Mayor did a nice job speaking on behalf of the city and gave good kudos to the City Manager and city staff. It turned out very nice. He said he did a walkthrough of the new Games and Company building it is coming together amazingly. The spaces and what they're actually doing within the building and what they want to provide for the future for this area is excellent. They are also keeping their building down by the beach area. I also attended the Friends of the Walled Lake Library. It was great to see the activity, what they're giving back to the community. It was a packed house at the library. It was also a packed house with the Friends of the Library group. That was amazing, all the work in the library was doing. He participated in a police officer ride-along a couple of Sundays ago in the morning. Really got to see in depth the kind of things that the ordinance officer is looking at, how they're really trying to work with people in the neighborhoods, trying to make sure we're doing the right thing. Great to get some details of what they do to verify things, the back and forth with the city staff. He said he appreciates everybody involved. That helps move items in a positive direction by working with the residents in a positive manner.

Council Member Arnold explained he received an email from Oakland County's Access to Transit with information of the Letter of Intent due date of October 30, 2026. He said bike racks could be obtained, is this something we should be looking at.

Council Member Ambrose thanked Mayor Pro Tem O'Rourke for his kind words during the invocation. He said he personally did not know Grace Nolan. However, he did have some very close friends that do attend Oakland University with her. The moment of silence and prayer was monumental and appreciated. He said he brought it up last year, but he will bring it up once again. The Hospitality House group is not feeding people far, far away. They are feeding our neighbors. He said thank you to council and city staff for making that recommendation, utilizing CDBG funds. He said it was brought up a couple of times asking businesses to sponsor some things. Great idea. However, let's not forget to support those businesses as well. The small businesses within our community, whether they've been here for five years or 50 years, are the backbone of our community. Making sure you're going to the Walled Lake Hardware rather than Home Depot, the Walled Lake Brunch House rather than going somewhere far away. These are

the people that really matter to our community. Proud of each one of you. It was a great meeting. Good job.

Council Member Schinzing stated I just want to mention I'm very happy to see that the copper mug is repairing parking lot. I thought they needed to do something, and it looks like they're doing a lot. It's appreciated from my perspective. I think it's always great when businesses reinvest in their business.

MAYOR'S COMMENT'S

Mayor Gunther explained he has a sick family member and apologized for delayed responses.

AUDIENCE PARTICIPATION

Mr. Horvath - I would just like to invite the council and members of the community to Walled Lake Western's musical. It is Chicago Teen Edition and it is November 5th and 6th at 7 p.m. and 7th and 8th at 2 p.m. For those of you who may or may not know, there's renovations going on at Western. So, after this show is closed, we're going to take everything out of that theater and gut it down to the studs. This is your last time to see what it looks like before those renovations happen. The renderings look pretty good, so it's going to be nice when we come back, but for those nostalgic reasons. I'm not sure if you're aware, but we do not get any money for the musical program from the district. The whole budget comes from ticket sales and from sponsorships. We are running very low on sponsorships this year, I have a website or an e-mail here so if someone wants to get an ad in the program and help support our program. The website is wlwmusicproductions@gmail.com.

Jorey Scrivens 138 Coalmont - Good evening, Mayor and Council members. Mr. Arnold mentioned that no one from Walled Lake had spoken about the Flock camera, so I'm here to change that immediately. I'm urging the city to terminate their contract with Flock after July 2027, which I believe was when it expired based on the conversation that took place today. I will begin by saying that I do see the value of cameras and emergencies. I can't dispute that we're the tool available to help a family member of mine. I would take advantage of it. I sympathize with law enforcement for wanting all the tools they can obtain to keep us safe. Unfortunately, mass surveillance tools have a history of becoming far too powerful. The police chief himself tonight just stated that he doesn't know what Flock does with our data. It's not a fault of the police chief. It's how the system is designed. Flock uses data from various sources to train new recognition models. It's hard to say what they will do with our data, and we will likely never find out. The activity that Flock enables has led to a variety of issues, many of which were spoken about today. I'm not going to get into more details of those. But worst of all to me is the attitude of the company that the City of Walled Lake is conducting business with. Flock CEO Garrett Langley has attacked citizens who care about privacy, accusing critics of, quote, trying to normalize lawlessness. When confronted about innocent people having their rights violated, he brushed it off saying, Flock has, quote, made our fair share of mistakes, arguing, quote, we shouldn't pause progress and telling Americans we need to compromise on our privacy. Despite documented cases of officers abusing Flock databases to StalkX partners, the CEO admitted Flock has never once cut off a client for breaking the law. I also have a concern about how our data is shared

broadly with other entities across states and cities. Although we can restrict the data access to our police officers, it's not clear to me how it's restricted within other areas. This personally affects me because I live at Pontiac Trail and West Park. There's a flock camera right outside of my street, which means that with reasonable accuracy, someone with access to that data could detect if I was home or not. These are severe enough that I will restate what I mentioned at the beginning that I urge city council to terminate our contract with Flock and in the meantime implement the procedures that you said today. Thank you.

Mayor Gunther asked Mr. Scrivens if he would have an interest in joining the Traffic Safey Board.

Ms. Lauren Martin said she was interested in joining the Traffic Safety Board.

Gunther said complete an application.

Council recessed 9:55 p.m.

Council reconvened 10:05 p.m.

Council entered closed session at 10:06 p.m.

Council came out of closed session 10:31 p.m.

ADJOURNMENT

CM 10-14-26 ADJOURNMENT

Motion by Schinzing, seconded by Arnold, CARRIED UNANIMOUSLY: To adjourn the meeting at 10:31 P.M.

_____ _____

Jennifer A. Stuart, City Clerk Richard Gunther, Mayor

History: Chapter 6, The Council: Procedure and Miscellaneous Powers and Duties: *Section 6.7 (a) A journal of the proceedings of each meeting shall be kept in the English language by the Clerk and shall be signed by the presiding officer and Clerk of the meeting.*

October 2026

November 9, 2026

TO: L. Dennis Whitt-City Manager

FROM: Jason Gonzalez-Fire Chief

RE: Summary of Fire Activities for the Month of October 2026.

Attached you will find a report on activities as they relate to the Walled Lake Fire Department for the Month of October 2026.

- The Fire Department responded to 89 calls for service in October 2026, 73% Medical, 27% Fire incidents, with 163-unit responses, averaging 3.33 Firefighters per call. Average response time for all incidents, emergent and nonemergent responses: 4 minutes 34 seconds.

- Mutual aid given: 1

- Mutual aid received: 2

- Training hours for the month: 112.82

Monthly Training Highlights:

- Attended the Oakland County Training Committee meeting.
- Conducted departmental training on the safe operation and use of specialized cutting equipment, including battery-operated Milwaukee K12 cut-off saws and reciprocating saws, to cut various types of metal commonly encountered during rescue incidents.
- Highland Township Fire Department hosted “Death Notification Training for First Responders,” a three-hour course presented by Dr. Alexandra Jabr. The course focused on communicating with and supporting survivors of patients who experienced cardiac arrest or fatal traumatic injuries. This training was attended by Captain Brown & Lieutenant Burd.
- Conducted departmental training reviewing all components and the operation of spring-assisted overhead doors.
- All members completed the required semiannual NFPA structural firefighting personal protective equipment inspections of their turnout gear, including helmets, gloves, coats, bunker pants, and boots.
- Completed annual departmental CPR/AED renewal training and certification.

Apparatus maintenance:

- L19 aerial slides ordered awaiting parts.
- E19 hydraulic cab lift ordered awaiting parts.

HAAS: Emergency alerting September: 581 drivers alerted, on 47 incidents.

- YTD drivers alerted 4,618
- Lifetime alerts 9,083

EMS: The Fire Department responded to 65 medical emergencies for the month, with the FD ambulances transporting 32 patients to local hospitals.

Monthly Incident Stats

MEMORANDUM

City of Walled Lake · 1499 E. West Maple Road · Walled Lake, MI 48390 · (248) 624-4847

To: Walled Lake City Council

From: Vahan Vanerian, City Attorney

Re: ***Second Reading of Proposed Ordinance Amendment adopting regulations of nonpublic and public areas.***

Date: November 9, 2026

Overview

Attached for second reading please find a proposed ordinance amendment that adopts regulations of both nonpublic and public areas owned by or under the jurisdictional control of the city or a city Board, Authority or Commission. The regulatory scheme is based on two general classifications: 1) Public areas owned by or under the jurisdictional control of the city or a city Board, Authority or Commission, and; 2) Nonpublic areas owned by or under the jurisdictional control of the city or a city Board, Authority or Commission. "Public and city parks" are defined as a specific type of "public area" that include city/public parks, recreational areas and facilities expressly designated as such. "Public Area" is broadly defined as any property or area owned by or under the jurisdictional control of the city or a city Board, Authority or Commission that is open to the public including, but not limited to, "public and city parks". By way of example, a non-park "public area" would include public right of ways and public structures, equipment and facilities that have been duly and affirmatively designated as open to the public.

Chapter 54, Article I, of the current code of ordinances contains fairly comprehensive use and activity regulations pertaining to city parks. Accordingly, the existing parks and recreation regulations are proposed for re-codification under "Division 2" of the proposed ordinance amendment. The proposed re-codification of existing parks and recreation regulations includes proposed amendments to the existing regulations that primarily address unpermitted non-recreational uses related to temporary habitation, encampments, shelters and vagrancy in city parks "without proper municipal authorization". Proper municipal authorization for generally unpermitted activities such as temporary encampments, shelters, overnight sleeping, etc. (for example a youth group overnight camping event) may be obtained pursuant to the existing special use permitting provisions proposed for retention.

Proposed Division 1 and 3 contain new regulations and provisions. Specifically, Division 1 "Definitions" consists entirely of defined terms including definitions of "public area", "non-public area", "public or city park", "municipal authorization", etc. Proposed new Division 3 contains general use, access and activity regulations pertaining to public and nonpublic areas generally. Under proposed Division 3, the park specific regulations under Division 2 generally apply to public and nonpublic areas except as expressly provided by Chapter 54. Proposed Division 3 further authorizes the municipal authority to adopt supplemental rules and regulations pertaining to use, access and activities upon any public or nonpublic area under the municipal authority's control and requires compliance with those supplemental rules and regulations adopted by the municipal authority. Division 3 places limitations and restrictions upon the storage of personal property upon public and nonpublic areas, including public right of ways and parking areas, and contains provisions for removal of improperly stored personal property. Division 3 generally prohibits use and access to nonpublic areas by members of the general public and further includes provisions requiring compliance with public use and access regulations pertaining to public areas open to the public.

Second Reading Revisions

Pursuant to input provided by Council, changes to the initial draft presented at first reading include provisions allowing attachment of hammocks to trees in parks between sunrise and sunset during open park hours; prohibitions on storage of personal items or any other use of a designated parking area other than the lawful parking of motor vehicles, and; allowing temporary sunscreen accessories erected and maintained in parks between sunrise and sunset during open park hours. The proposed ordinance amendment also retains the existing 15 mph speed limit applicable to all vehicles or bikes operated in a public or city park which includes the Airline Trailway.

CITY OF WALLED LAKE

ORDINANCE NO. C-383-26

AN ORDINANCE TO AMEND CHAPTER 54 "PARKS AND RECREATION", ARTICLE I, "IN GENERAL" OF THE CITY OF WALLED LAKE CODE OF ORDINANCES TO ADOPT REGULATIONS PERTAINING TO PUBLIC AREAS

THE CITY OF WALLED LAKE ORDAINS:

Section 1. Purpose

The purpose of this Ordinance Amendment is to amend Chapter 54 "Parks and Recreation", Article I "In General" to adopt regulations pertaining to use, access, conduct and entry onto and upon public areas.

Section 2 of Ordinance

Chapter 54 "Parks and Recreation", Article I, "In General" of the Code of Ordinances, City of Walled Lake, Michigan, is hereby amended in its entirety to read as follows:

Chapter 54 PUBLIC AND NON-PUBLIC AREAS, PARKS AND RECREATION

ARTICLE I. IN GENERAL

DIVISION 1: DEFINITIONS

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

City means the City of Walled Lake

Dangerous Weapon means any weapon, item or instrumentality defined as Dangerous Weapon under state law including *MCL 750.227*

Encampment means camping, or; establishing and/or maintaining a camp site or temporary unpermitted shelter, or; overnight sleeping in a public area.

Fireworks means fireworks as defined in section 50-235 of the City of Walled Lake Code of Ordinances

Municipal Authorization means a duly authorized permit, agreement, authorization, or resolution issued and approved by the City or any Authority, Board or Commission with ownership or jurisdictional control or authority over a Public Area

Personal Property means any privately owned tangible belongings, including but not limited to tents, tarpaulins, bedding, sleeping bags, luggage, backpacks, furniture, domestic items, and uncontained garbage or refuse

Public Area means any real or tangible property owned, leased, managed, controlled or maintained by the City, or any Authority, Board or Commission created by the City, that has been duly and affirmatively designated as open to the public including any streets, sidewalks, trailways, easements, right of ways, median strips, parks, recreational facilities, grounds, land and public structures, equipment and facilities that have been duly and affirmatively designated as open to the public

Public or City Park means any public area designated as a public park or recreational area or facility by the City or any Authority, Board or Commission with ownership or jurisdictional control or authority over a Public Area duly designated as a City or Public Park.

Non-Public Area means any real or tangible property, equipment or facility owned, leased, managed, controlled or maintained by the City, or any Authority, Board or Commission created by the City, that has not been duly and affirmatively designated as a Public Area

Store, Stored, or Storage means to accumulate, put aside, leave unattended, or place personal property in a public or non-public area for a period exceeding four (4) consecutive hours.

Violation means any act or condition which is prohibited or made or declared to be unlawful or an offense under this Chapter, including affirmative acts as well as omissions and/or failures to act where the act is required by this Chapter. Except as expressly provided by this chapter, all violations of this chapter shall be punishable as provided in the General Penalty provision of the City of Walled Lake Code of Ordinances, Section 1-15.

DIVISION 2: PARKS AND RECREATION GENERAL PROVISIONS

Sec. 54-1. Protection and Regulation of Public and City Parks

Except as expressly provided or permitted by proper municipal authorization, no person within a Public or City Park shall:

(1) Mark, deface, disfigure, injure, tamper with or displace or remove any park property or appurtenances whatsoever, either real or personal.

(2) Fail to cooperate in maintaining restrooms and washrooms in a neat and sanitary condition.

(3) Dig or remove any soil, rock, sand, stones, trees, grass, shrubs or plants or other wood or materials, or make any excavation by tool, equipment, blasting or other means or agency.

(4) Damage, cut, carve, mark, transplant or remove any plant, or injure the bark, or pick the flowers or seed of any tree or plant, or in any other way injure the natural beauty or usefulness of any area.

(5) Climb, stand or sit upon monuments, planters, trees, fountains, railings, fences or upon any other property not designated or customarily used for such purpose.

(6) Attach any rope, wire, string, obstruction, or cable or other contrivance to any tree, fence, railing, bridge, bench or other structure, equipment or facility provided a temporary day hammock may be attached to trees between sunrise and sunset during open park hours.

(7) Throw, discharge or otherwise place or cause to be placed in the waters of any fountain, pond, lake, stream or other body of water in or adjacent to any park or any tributary stream, storm sewer, or drain flowing into the water, any substance, matter or thing, liquid or solid, which will result in the pollution of the waters.

(8) Take into, carry through, or put into any park, any rubbish, refuse, garbage or other material. All refuse and rubbish shall be deposited in receptacles so provided. Where receptacles are

not provided or are provided and are full, all such rubbish or waste shall be carried away from the park by the person responsible for its presence.

(9) Tie, tether, secure or hitch any dog, cat, or companion animal to any public tree, utility pole, streetlamp, fence, sign, park bench, or municipal structure, equipment or facility.

(10) Hunt, molest, harm, frighten, kill, trap, pursue, chase, tease, shoot or throw any object at any animal, wildlife or bird.

(11) Feed waterfowl.

(12) Erect, configure, construct, maintain, use, or occupy any tent, canopy, lean-to, or temporary shelter structure without explicit municipal authorization or a valid special event permit provided portable temporary sunscreen accessories may be erected and maintained between sunrise and sunset during open park hours without a permit. Authorized City personnel, including public safety and code enforcement personnel, may immediately deconstruct and remove unattended structures or items maintained in violation of this provision and may immediately deconstruct and remove attended structures or items maintained in violation of this provision upon failure or refusal by any person found attending or possessing the items to promptly remove any violative items or structures upon request of an authorized city public safety or enforcement officer.

(13) Conduct, engage or maintain any Encampment. Authorized City personnel, including public safety and code enforcement personnel, may immediately deconstruct and remove unattended encampments maintained in violation of this provision and may immediately deconstruct and remove attended encampments maintained in violation of this provision upon failure or refusal by any person found attending or possessing the items to promptly remove any violative items or structures upon request of an authorized city public safety or enforcement officer.

(14) Store Personal Property. Authorized City personnel, including public safety and code enforcement personnel, may immediately deconstruct and remove unattended personal property stored in violation of this provision and may immediately deconstruct and remove attended personal property stored in violation of this provision upon failure or refusal by any person found attending or possessing the personal to promptly remove any improperly stored personal property upon request of an authorized city public safety or enforcement officer.

(15) Engage in any conduct or activity, or create or maintain any condition, that is prohibit by or violates any provision of the City of Walled Lake Code of Ordinances or that requires municipal authorization without first obtaining required municipal authorization.

(16) A first violation of subsections (2), (5)-(9) and (11)-(14) of this section shall be punishable as a municipal civil infraction as provided by section 1-26 of the City Code, provided a failure or refusal to promptly comply with an instruction or notice of an authorized city public safety or code enforcement officer to remove, abate, or discontinue any act, omission, or condition that violates any provision of this section shall constitute a violation punishable by section 1-15 of the City of Walled Lake Code of Ordinances.

Sec. 54-2. Dogs and pets.

No person within a Public or City Park shall:

(1) Take any dog or other pet into any park except when kept on a leash not more than six feet in length and kept under the immediate control of the owner or person having custody of the animal.

(2) Take any animal or other pets on public beaches, in public buildings or areas otherwise posted. (This rule shall not apply to service animals such as leader dogs for the blind.)

(3) Fail to remove any animal waste of any dog or pet taken into a park by such person.

Sec. 54-3. Vehicles, bicycles.

No person within a Public or City Park shall:

(1) Drive or operate any vehicle or bicycle in excess of 15 miles per hour.

(2) Drive or operate any motorized vehicle on any area except the park roads or parking areas, designated as open to public motorized vehicular travel, or such areas as may on occasion be specifically designated by signs as temporary driving areas. This provision shall not apply to emergency, service and authorized vehicles.

(3) Park a vehicle anywhere except on a designated parking area.

(4) Leave a vehicle standing or parked in established parking areas or elsewhere in the park and recreation areas during hours when the park and recreation area is closed.

(5) Ride a bicycle without reasonable regard to the safety of others.

Sec. 54-4. Firearms, dangerous weapons and fireworks.

No person, without municipal authorization, shall bring into or have in his possession, or use, display or brandish in any public:

(1) Any pistol or revolver or object upon which loaded or blank cartridges may be used.

(2) Any rifle, shotgun, BB gun, pellet gun, air gun, spring gun, slingshot, bow, or other weapon in which the propelling force is gun powder, a spring or air.

(3) Any fireworks.

(4) Any Dangerous Weapon

Sec. 54-5. Fires.

No person within a Public or City Park shall:

(1) Kindle, build, maintain or use a fire except in portable picnic stoves or in such places provided for such purposes in a public park.

(2) Permit a fire to burn unless the fire is continuously under the care and direction of a competent person from the time it is kindled until it is extinguished.

(3) Dump any burning or hot ash into any trash receptacle or elsewhere in a park unless the receptacle shall be marked as being a receptacle for such material.

Sec. 54-6. Personal conduct.

No person shall:

(1) Engage in threatening, abusive, insulting or indecent language; endanger the safety of any person by any conduct or act; commit any assault, battery, engage in fighting or any disorderly conduct or behavior tending to breach the public peace; or prevent any person from using any public park, any of its facilities, or interfere with any person's use of a public park in compliance with the rules applicable to such use.

(2) Possess or use a controlled substance as defined in the Controlled Substance Act, Act No. 368 of the Public Acts of Michigan of 1978 (MCL 333.7101 et seq., MSA 14.15(7101) et seq.), as amended, on public parks property.

(3) Conduct or participate in any form of gambling, lottery or game of chance upon any public park property except as permitted by state law and approved by the city council and the parks and recreation commission.

(4) Fail to produce and exhibit any permit upon request of any authorized person who shall desire to inspect the same for the purpose of enforcing compliance with these rules and regulations.

(5) Play, without municipal authorization, any musical instrument, radio, mechanical record, tape player or other device in such a manner as to cause the sound emanating therefrom to interfere with the enjoyment of the park by others.

(6) Solicit alms or contributions for any purposes, whether public or private.

Sec. 54-7. Alcoholic beverages.

Except as provided or permitted by municipal authorization, no alcoholic beverages shall be consumed or open alcoholic containers possessed in Public or City Parks or in areas posted prohibiting such consumption.

Sec. 54-8. Advertising, assemblages, entertainment.

(a) No person without municipal authorization shall do any of the following in a Public or City Park without first obtaining a permit issued by the city clerk's office:

(1) Post, paint, affix, distribute, deliver, place, cast or leave about, any bill, billboard, placard, ticket, handbill, circular or advertisement.

(2) Operate for advertising purposes any musical instrument, soundtrack or drum.

(3) Hold public assemblages.

(4) Conduct exhibitions.

(5) Hold a parade.

(6) Expose or offer for sale any article or product.

(b) No permit shall be required for any action or event sponsored by the city.

Sec. 54-9. Permits, Municipal Authorizations.

(a) Permits and/or municipal authorizations required or authorized by this chapter shall be obtained by application to the city clerk's office in accordance with the following procedures:

(1) A person seeking issuance of a permit under this chapter shall file an application stating:

a. The name and address of the applicant.
b. The name and address of the person, corporation or association sponsoring the activity, if any.
c. The day and hours for which the permit is desired.
d. The public area or portion thereof for which the permit is desired.
e. Any other information reasonably necessary for a determination as to whether a permit should be issued hereunder.
f. Variances required or requested from applicable public area rules and regulations.

(2) Standards for issuance of a use permit/municipal authorization shall include the following findings:

a. That the proposed activity or use of the public area will not unreasonably interfere with or detract from the general public's use or enjoyment of the public area.
b. That the proposed activity and use will not unreasonably interfere with or detract from the promotion of the public health, welfare, safety and recreation.
c. That the proposed activity or uses that are reasonably anticipated will not include violence, crime or disorderly conduct.
d. That the proposed activity will not entail extraordinary or burdensome expense or police operation by the city.
e. That the facilities desired have not been reserved for other use on the date and hour requested in the application.
f. Action or decision on an application shall comply with applicable state and federal laws and constitutional standards

(b) Within ten days after the receipt of an application, the city clerk's office shall notify an applicant in writing of its decision to grant or deny a permit; in the event of a denial, the notification shall include the reason for the denial. Any aggrieved person shall have the right to appeal to the city council by serving written notice thereof on the city clerk within five working days of the refusal. The city clerk shall immediately forward the application and the reasons for its refusal to the city council. The city council shall decide within ten days from the receipt of the appeal by the city clerk, or at its first meeting after the application appeal, whichever is later. The decision of the city council shall be final.

(c) Except as expressly provided or permitted by municipal authorization, A permittee shall be bound by all public area rules and regulations and all applicable ordinances fully as though the same were inserted in the permit.

(d) An applicant for a permit may be required to submit evidence of liability insurance covering injuries to members of the general public arising out of the permitted activities of the general public in

such amounts as may be from time to time determined prior to the commencement of any activity or issuance of any permit.

(e) The city council shall have the authority to revoke a permit upon a finding of violation of any rule or ordinance or upon good cause shown.

Sec. 54-10. Park hours.

All public parks of the city shall be open during the hours established by resolution of the parks and recreation commission. The hours shall be posted on the park property. Persons who enter or remain upon any city or public park outside of posted open hours and fail or refuse to promptly depart therefrom upon instruction of a city public safety or code enforcement officer, shall be deemed guilty of a trespass punishable as provided by section 1-15 of the City of Walled Lake Code of Ordinances.

Sec. 54-11. Lake rules.

(a) *Summer regulations.*

(1) No person shall swim, bathe, wade or scuba dive from any city-owned beach except at such times and places as may be posted or designated for such purposes. Persons must abide by posted swim rules.

(2) No pets or glass containers are allowed on any city-owned beach area.

(3) The beach shall be open during the hours established by resolution of the parks and recreation commission, which hours shall be posted on the beach property.

(4) Boats shall not be allowed within the designated swim area.

(b) *Winter regulations.*

(1) No person shall skate, sled, walk, snowshoe, or ski upon any ice from any city-owned beach, except at such times and upon such places as may be posted.

(2) Hours and dates of operation for all skating, sledding, snowshoeing, or ski activities shall be subject to weather conditions and posted parks and recreation rules and regulations.

Division 3: Public and Non-Public Areas

Sec. 54-12. General Regulations and Restrictions

(a) Except as expressly provided by this chapter, all regulations, restrictions, provisions and prohibitions applicable to city and public parks under Division 1 of this chapter shall apply to Public and Non-Public Areas.

(b) The City or any Authority, Board or Commission with ownership, managerial or jurisdictional control or authority over a Public or Non-Public Area may adopt supplemental rules and regulations pertaining to any Public or Non-Public area under their respective jurisdictional control or authority provided any supplemental rules or regulations are not inconsistent with applicable provisions of this chapter. Any duly adopted supplemental rules or regulations shall be available for public inspection upon written or oral request at the city clerk's office during normal business hours.

(c) Municipal Authorizations and permits for public and non-public areas may be requested, acted upon and issued in accordance with the procedures and criteria set forth in section 54-9 of this chapter.

(d) No person shall store any personal property in a public or nonpublic area, including a designated parking area, without municipal authorization. Motor vehicles may be lawfully parked in a designated public parking area, any contrary provision in this Article notwithstanding. Uses, items or activities other than lawful and authorized parking of motor vehicles in a designated parking area shall be prohibited. Without prior notice, the City may remove and may discard any personal property improperly stored in a public or nonpublic area in violation of this Article if the personal property poses an immediate threat to the health or safety of the public.

(i) Garbage or rubbish or any other unhealthy, hazardous or unsafe item may be disposed immediately pursuant to City protocol and is not required to be stored pending disposal.

(e) No person shall store any personal property, whether attended or unattended, in such a manner that obstructs or interferes with any lawful activity in a nonpublic area or public area for which the City has issued a permit. Without prior notice, the City may move and may immediately impound any personal property stored in a public area in violation of this subsection.

Sec. 54-13. Public Right of Ways

(a) No person, without municipal authorization, shall store any personal property, whether attended or unattended, in such a manner as to obstruct any portion of a street, parking area or other public right-of-way open to use by motor vehicles, a designated bike lane or bike path, or other public right-of-way open exclusively to use by bicycles. Without prior notice, the City may move and may immediately impound any personal property, whether attended or unattended, in violation of this subsection.

(b) The provisions of this chapter shall be deemed supplemental to any right-of-way regulations or requirements arising under state or federal law or local code or ordinance regulating public right of ways. In the event of any conflict or inconsistency between any provision of this chapter and any state or federal law or local right of way code or ordinance, including Chapter 70 of the City of Walled Lake Code of Ordinances, the provisions of state or federal law or local code shall be controlling and supersede any conflicting provision of this chapter.

Sec. 54-14. Use, Access and Entry by Public

(a) *Public Areas.* Use, access and entry onto or upon public areas by members of the public shall be limited and subject to the public use, access and entry regulations adopted by the city or any Authority, Board or Commission with ownership, managerial or jurisdictional control or authority over a Public Area. Public business hours for public buildings and facilities shall be conspicuously posted at all designated public access entry points. Members of the public who enter or remain upon any public area outside of public access hours or in violation of public access regulations and fail or refuse to promptly depart therefrom upon instruction of a city public safety or code enforcement officer, shall be deemed guilty of a trespass punishable as provided by section 1-15 of the City of Walled Lake Code of Ordinances.

(b) *Non-Public Areas.* Use, access and entry onto or upon non-public areas by members of the public, without municipal authorization, shall be prohibited. Members of the public who enter or remain upon any non-public area without municipal authorization and fail or refuse to promptly depart

therefrom upon instruction of a city public safety or code enforcement officer, or who enter upon a posted non-public area, shall be deemed guilty of a trespass punishable as provided by section 1-15 of the City of Walled Lake Code of Ordinances.

Sec. 54-15. Violations

(a) Except as expressly provided by this chapter, all violations of this chapter shall be punishable as provided in the General Penalty provision of the City of Walled Lake Code of Ordinances, Section 1-15.

(b) A first violation of the following sections and subsections enumerated below shall be punishable as a municipal civil infraction as provided by section 1-26 of the City Code, provided a failure or refusal to promptly comply with an instruction or notice of an authorized city public safety or code enforcement officer to remove, abate, or discontinue any act, omission, or condition that violates any provision of this section shall constitute a violation punishable by section 1-15 of the City of Walled Lake Code of Ordinances:

(i) Sec. 54-1(16); Sec. 54-2; Sec. 54-3; 54-7; 54-8; 54-10; 54-11

Sec. 54-16. Notice and Removal of Property

Removal of property pursuant to the provision of this chapter shall be subject to the provisions of this section as follows:

(a) *Notice.*

(1) *Pre-Removal Notice.* Pre-removal notice shall be deemed provided if a written notice is provided to the person who is storing or claims ownership of the personal property, or is posted conspicuously on or near the personal property. The written notice shall contain the following:

(i) A general description of the personal property to be removed.
(ii) The location from which the personal property will be removed.
(iii) The date and time the notice was posted.
(iv) A statement that the personal property has been stored in violation of Subsection 2.
(v) A statement that the personal property may be impounded if not removed from public areas.
(vi) A statement that moving personal property to another location in a public area shall not be considered removal of personal property from a public area.
(vii) The address where the removed public property will be located, including a telephone number and the internet website of the City through which a person may receive information as to impounded personal property as well as information as to voluntary storage location(s).
(viii) A statement that impounded personal property may be discarded if not claimed within thirty (30) days after impoundment.

(2) *Post-Removal Notice.* Upon removal of stored personal property, written notice shall be conspicuously posted in the area from which the personal property was removed. The written notice shall contain the following:

(i) A general description of the personal property removed.
(ii) The date and approximate time the personal property was removed.

(iii) A statement that the personal property was stored in a public area in violation of Subsection 2.

(iv) The address where the removed personal property will be located, including a telephone number and internet website of the City through which a person may receive information as to impounded personal property.

(v) A statement that impounded personal property may be discarded if not claimed within thirty (30) days after impoundment.

(b) *Storage and Disposal.*

(1) Except as specified herein, the City shall move personal property to a place of storage.

(2) Except as specified herein, the City shall move and store impounded personal property for 30 days, after which time, if not claimed, it may be discarded. The City shall not be required to undertake any search for, or return, any impounded personal property stored for longer than thirty (30) days.

(3) The City shall maintain a record of the date any impounded personal property was discarded.

(4) Garbage or rubbish or any other unhealthy, hazardous or unsafe item may be disposed immediately pursuant to City protocol and is not required to be stored pending disposal.

(c) *Repossession.* The owner of impounded personal property may repossess the personal property prior to its disposal upon submitting satisfactory proof of ownership. A person may establish satisfactory proof of ownership by, among other methods, describing the location from and date when the personal property was impounded from a public area, and providing a reasonably specific and detailed description of the personal property. Valid, government-issued identification is not required to claim impounded personal property. An owner of personal property shall not be charged a fee if repossession occurs within thirty (30) days of removal.

Section 3 of Ordinance

Amended only as specified above and in this ordinance, the City of Walled Lake Code of Ordinances shall remain in full force and effect. In the event of a conflict between the Act and any provision of this ordinance, the applicable provisions of the Act shall apply.

Section 4 of Ordinance

If any provision of this ordinance is held invalid, the invalidity does not affect other provisions that can be given effect without the invalid provision.

Section 5 of Ordinance

All proceedings pending and all rights and liabilities existing, acquired, or incurred at the time this ordinance takes effect are saved and may be consummated according to the law when they were commenced.

Section 6 of Ordinance

This ordinance and the rules, regulations, provisions, requirements, orders, and matters established and adopted hereby shall take effect and be in full force and effect upon publication in accordance with the applicable provisions of state law and City Charter.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF WALLED LAKE TO DIRECT AND AUTHORIZE THE INDEPENDENT AUDITORS TO FILE TIMELY, THE 2026 YEAR-END FINANCIAL STATEMENTS WITH THE STATE

***Proposed* RESOLUTION 2026-31**

At a Regular Meeting of the City Council of the City of Walled Lake, Oakland County, Michigan, held in the Council Chambers at 1499 E. West Maple, Walled Lake, Michigan 48390, on the 17th day of November 2026 at 7:30 p.m.

WHEREAS, Section 8.6 of the City of Walled Lake Charter provides that an Independent Audit is required, and an Independent Audit shall be made of all city accounts at least annually, and more frequently if deemed necessary by Council; and

WHEREAS, Section 8.6 requires the City Manager or other such officer as the Council may designate, shall prepare an annual report of the affairs of the city including a financial report. Copies of such audit and annual report shall be filed timely with the State of Michigan and made available for public inspection at the office of the City Clerk within thirty days after the receipt of the audit; and

WHEREAS, the selection of Certified Public Accountants to meet the Independent Audit requirements of the City Charter shall also meet the requirements of Act No. 2, P.A. 1968, or as amended, and the related Bulletin for Audits of Local Units of Government in Michigan, dated June 1, 1968, or as amended, which is available from the State Treasurer.

NOW, THEREFORE BE IT RESOLVED, by the Council of the City of Walled Lake, County of Oakland, State of Michigan that:

Section 1. The City Council is hereby authorizing Pfeffer, Hanniford & Palka, Certified Public Accountants, registered to practice in the State of Michigan to timely file the City of Walled Lake 2026 year-end financial statements with the State.

Section 2. The City Manager, or his designee, shall serve as the liaison for said audits, shall report regularly to the City Council on the progress of the yearly independent audit, and shall exercise all authority to assure the Council that the yearly audit is completed timely.

A RESOLUTION AMENDING THE FISCAL YEAR 2026-2027 BUDGET RATIFYING THE FUNDING FOR EMERGENCY STORMWATER REPAIRS AT W. WALLED LAKE DRIVE AND PONTIAC TRAIL

***Proposed* RESOLUTION 2026-32**

At a Regular Meeting of the City Council of the City of Walled Lake, Oakland County, Michigan, held in the Council Chambers at 1499 E. West Maple Rd., Walled Lake, Michigan 48390, on the 17th day of November 2026 at 7:30 p.m.

WHEREAS, the City of Walled Lake DPW Superintendent identified an emergency stormwater infrastructure issue at the intersection of Walled Lake Drive and Pontiac Trail requiring immediate attention to maintain the integrity and functionality of the City's stormwater drainage system; and

WHEREAS, the necessary emergency work included the replacement of an existing storm sewer pipe and the reconstruction of an existing catch basin to restore proper drainage and prevent further deterioration or potential damage to surrounding infrastructure; and

WHEREAS, due to the emergency nature of the repairs, the work was necessary to be completed promptly and could not be deferred through the City's normal budgeting process; and

WHEREAS, the total cost of the emergency stormwater repairs was $14,525; and

WHEREAS, the City Council finds it necessary and appropriate to ratify the emergency expenditure and amend the FY 2027 budget to reflect the associated costs; and

WHEREAS, the Michigan Uniform Budgeting and Accounting Act, MCL 141.421 et seq., requires expenditures and appropriations to be accounted for through the City's budget and appropriations process.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Walled Lake, County of Oakland, State of Michigan that:

Section 1. Council ratifies the emergency stormwater repair work completed at W. Walled Lake Drive and Pontiac Trail, including storm sewer pipe replacement and reconstruction of the existing catch basin, at a total cost of $14,525.

Section 2. Council approves the additional expenditure of $14,525 to cover the cost of the emergency repairs.

Section 3. Council authorizes the City Manager and Finance Director to make the necessary budgetary adjustments.

A RESOLUTION TO AMEND THE FY 2026-2027 BUDGET FOR THE WALLED LAKE CITY LIBRARY THROUGH THE APPROPRIATION OF FUND BALANCE FOR LIBRARY FURNITURE, SHELVING, AND FACILITY IMPROVEMENTS

Proposed RESOLUTION 2026-33

At a Regular Meeting of the City Council of the City of Walled Lake, Oakland County, Michigan, held in the Council Chambers at 1499 E. West Maple, Walled Lake, Michigan 48390, on the 17th day of November 2026 at 7:30 p.m.

WHEREAS, the Walled Lake City Library is a component unit of the City of Walled Lake, and its financial activities are included in the City's financial reporting; and

WHEREAS, the Walled Lake City Library has identified the need for improvements to its interior furnishings, shelving, cabinetry, staff work areas, and storage areas to enhance functionality, organization, and services provided to library patrons and staff; and

WHEREAS, Library Design Associates, Inc. has submitted Proposal No. P-44376, dated August 21, 2026, in the amount of $157,563, for various library improvements, including staff office furniture, staff breakroom furnishings, cabinetry, children's and juvenile shelving, adult lounge furnishings, Friends of the Library shelving, and storage area modifications; and

WHEREAS, the Library is requesting the appropriation of $160,000 from its available fund balance to finance the proposed improvements and provide sufficient budget authority for the project; and

WHEREAS, the Library's fund balance as of June 30, 2026, was $449,896, and the appropriation of $160,000 will reduce the projected fund balance to $289,896; and

WHEREAS, the City Council finds it appropriate to amend the FY 2026-2027 budget to authorize the use of Library fund balance for these improvements.

NOW, THEREFORE BE IT RESOLVED, by the Council of the City of Walled Lake, County of Oakland, the State of Michigan that:

Section 1. Council approves an amendment to the FY 2026-2027 budget for the Walled Lake City Library in the amount of $160,000, to be funded through an appropriation of the Library's fund balance.

Section 2. Council approves the Library Design Associates proposal not to exceed $160,000.

Section 3. Council authorizes the City Manager and Finance Director to make the necessary budgetary adjustments.

A RESOLUTION AMENDING THE OPERATING AND CAPITAL BUDGET APPROPRIATION OF FUNDS FOR FISCAL YEAR 2026-2027

RESOLUTION 2026-1

At a meeting of the Walled Lake City Library Board of the City of Walled Lake, Oakland County, Michigan, held in the Walled Lake City Library Room at 1499 E. West Maple, Walled Lake, Michigan 48390, on the 16th day of October, 2026, at 9:00 a.m.

WHEREAS, in compliance with the Act 2 of 1968, Uniform Budgeting and Accounting Act of the State of Michigan, Section 17 states that a legislative body of the local unit shall amend the general appropriations act as soon as it becomes apparent; and

WHEREAS, Fund 271 Dept 790 Library budget requires an amendment for appropriations within the budget to address administrations of library material space, storage, and staff workspaces.

WHEREAS, the necessary appropriations are recommended to be moved from the fund balance to address necessary expenses for Library infrastructure improvement purposes.

NOW, THEREFORE BE IT RESOLVED, that the Library Board request City Council approval for no more than $160,000.00 be moved from the Library General Fund Balance to Furnishings & Fixtures (271-790-782-000)

- Friends Meeting: Thursday, September 24, 2026
- Book Sale: Saturday, October 10, 2026

Directors Report:

- C. Ralston is conducting interviews for new part-time youth assistant to help with the influx of children's programming and while the children's librarian is out on maternity leave.

Statistics & Finance Report:

- Have used 12.32% of fiscal budget
- Monthly expenditures were $23,569.02
- C. Ralston pointed out some expenses are higher, but that they are one-time, yearly expenses
- 31 programs last month with 550 attendees
- 6,659 Circulations
- Statistics are trending upwards for social media and circulations
- Visitors is down but that is expected with the start of the school year
- Physical circulations still outweigh digital

Approved: 10.16.26
Submitted by: M. Pawl

Old Business:

- C. Ralston went over the proposed design plan submitted from Library Design Associates with a total estimated cost of $157,563. Discussion was had over Library's fund balance and affordability. A Budget Amendment will have to go in front of the City Council to approve the moving of funds from the Library's General Fund balance into the Capital Improvement budget.
    - Motion to approve the proposed renovations and take the budget amendment to the City Council for approval. B. Garbutt moved, M. Langan seconded, all approved.
- Discussion of Parental Leave Policy
    - So far everyone amenable to 2 month paid maternity leave; M. Langan requests more time to look into paternity leave.
    - M. Pawl asked about affordability of paternity leave, as well as a question about subjective term in proposed policy.
    - Full decision tabled for another month.

New Business:

- Library Director Evaluation: C. Ralston's evaluation read by M. Pawl on behalf of the Library Board with time given after each section for Director to voice any questions/comments.
    - Motion to approve Library Director C. Ralston's evaluation by M. Langan; M. Pawl seconded; all approved.

Public Comment:

- M. Tylenda was given the opportunity to share about herself and said expressed that she would like to be on the Library Board. B. Garbutt stated she is making an executive decision to ask M. Tylenda to be approved as a new board member.
    - B. Garbutt made motion to approve M. Tylenda as a new board member; M. Langan seconded. C. Ralston to follow up with the City Clerk and get paperwork and appointment from the Mayor.

Meeting adjourned: Call to adjourn meeting made by M. Langan, 10:30 am; M. Pawl seconded, all approved.

Next Library Board Meeting: Friday October 16, 2026 at 9AM

Approved: 10.16.26
Submitted by: M. Pawl

Walled Lake Library Board Minutes

October 16, 2026

In attendance: B. Garbutt, President; M. Langan, Vice-President; V. Owsinek, Trustee; M. Pawl, Trustee.

Other: C. Ralston, Library Director

Public in attendance: M. Tylenda.

Friends Report: B. Garbutt gave Friends of the Library report:

- Friends Book Sale: More people than ever; shocked at how the room was cleared out; did not hear the amount made yet.
- Friends Trunk or Treat Oct. 24th: treats and books to be given out; candy donations accepted
- Tree Lighting Monday, December 7th at 7pm
- Friends Potluck Thursday, December 3rd at 11am

Directors Report:

- Library to be closed Nov 3rd (election day) for staff day
- MLA conference: C. Ralston stated she will not be attending this year; asked other librarians if there was a session they want to attend
- City council on Tuesday at 7:30pm
- State aid report C. Ralston will have by month's end
- Maintenance issues with bathrooms was addressed and corrected.

Statistics & Finance Report:

- Have used 18.98% of fiscal budget
- Monthly expenditures were $27,137.21
- C. Ralston pointed out some expenses are higher, but that they are one-time, yearly expenses
- 25 programs last month with 261 attendees
- 6,281; down from last month, but still pretty high with school in session.

Approved:
Submitted by: M. Pawl

DRAFT

- Many new people attending programs. M. Pawl mentioned the recent book bling art program, as well as the panel for caregivers and silent reading club as being well planned and executed with care for patrons
- Other programs highlighted: Tobin Bunk, true crime (age 18 and up); Halloween story time, making slime, Goldfish swim school will be donating, Mad Scientist librarians
- Ancestry Library Edition question asked by M. Pawl. M. Langan stated she has done it; C. Ralston answered she has seen people here trying it.

Old Business:

- Discussion of new employee and her position.
- Discussion on library program advertising to the schools.
    - M. Tylenda mentioned it sometimes is hard to make program times if a school day is long etc. Also asked if the library could advertise at Guest Elementary.
    - M. Tylenda shared people could put things on social; C. Ralston said some teachers do this. M. Tylenda stated she knows PTA President and asked if library links are sharable. Also mentioned she can share with a young families group she is a part of at St. William's Church.
- Discussion of Parental Leave Policy
    - Everyone is in full agreement for 2-month paid maternity leave;
    - M. Pawl asked about the City's policy. City employees use PTO then disability of they chose to. M. Langan one possible suggestion doing the same.
    - M. Langan shared federal rules if 50 employees: 12 weeks in a rolling 12-month period.
    - M. Langan requests more time to look into paternity leave.
    - Full decision tabled for another month.
- Library Design Interior Updates:
    - **Resolution amending the operating and capital budget appropriation of funds for fiscal year 2026-2027:** Resolution 2026-1 was brought to the board by C. Ralston for the purpose of the necessary appropriations [no more than $160,000] to be moved from the Library General fund balance to Furnishings & Fixtures in order to address necessary expenses for library infrastructure improvement purposes. M. Langan made a motion to approve Resolution 2026-1; B. Garbutt seconded; All approved.

New Business:

- **Credit Card Authorization:**
    - Motion to approve C. Ralston and B. Garbutt as authorized signers on the account held by the library at the Walled Lake Credit Union, and to authorize the removal of any previous signers who are no longer active in these roles. Made by M. Langan; V. Owsinek seconded. All approved.
- Library Closures 2027 list shared
- Library Board Meetings 2027 list shared

Approved:
Submitted by: M. Pawl

DRAFT

Board Member Comments:

- V. Owsinek mentioned the size of our library as an asset; M. Tylenda agreed and opined big libraries can be too overwhelming. Here, she says, the staff never say to shut up your children. When she was a kid at the library, she felt her presence was a disruption; M. Pawl concurred our size is a plus: bigger isn't always better; better is better.
- V. Owsinek: Friends can let her know when help is needed with supplies in supply room
- M. Langan suggestion: Majong at the library
- Arrival of surprise visitor for V. Owsinek's birthday: Her husband! "If I can't make her smile, I'm not doing my job!"

Meeting adjourned: Call to adjourn meeting made by M. Langan, 10:30 am; M. Pawl seconded, all approved.

Next Library Board Meeting: Friday November 20, 2026 at 9AM
